(s) "Tobacco available for marketing" means all tobacco produced on a farm in the calendar year 1941 (and any tobacco produced on the farm prior to the calendar year 1941 and carried over to the 1941-42 marketing year) which is not disposed of through use on the farm or by storage prior to the issuance of a marketing card for the farm.

*§§ 724.331 to 724.363, inclusive, issued under the authority contained in 52 Stat. 38; 7 U.S.C. 1301, et seq., as amended.

§ 724.332 *Instructions and forms.* The Administrator of the Agricultural Adjustment Administration shall cause to be prepared and issued such instructions and such forms as may be deemed necessary or expedient for carrying out the regulations in this subpart.*

§ 724.333 *Tobacco subject to marketing quotas.* Any tobacco marketed during the period October 1, 1941, to September 30, 1942, inclusive, and any tobacco produced in the calendar year 1941 and marketed prior to October 1, 1941, shall be subject to the marketing quotas for the 1941-42 marketing year.*

FARM MARKETING QUOTAS¹

§ 724.334 *Amount of farm marketing quota.* The marketing quota for a farm shall be the actual production of tobacco on the farm acreage allotment, as established for the farm in accordance with the "Procedure for Determination of Burley Tobacco Acreage Allotments for 1941" (Form 41-Tob-38 and Supplement 1). The actual production of the farm acreage allotment shall be the average yield per acre of the entire acreage of tobacco harvested on the farm in 1941 times the farm acreage allotment. The excess tobacco on any farm shall be that quantity of tobacco which is equal to the average yield per acre of the entire acreage of tobacco harvested on the farm in 1941 times the number of acres harvested in excess of the farm acreage allotment.*

§ 724.335 *Issuance of marketing card.* A marketing card shall be issued for every farm having tobacco available for marketing. The card shall be issued after information required for its preparation (including measurements of the harvested acreage of tobacco and an estimate of the actual production of tobacco) has been furnished to or obtained by the county office. If the farm operator refuses to furnish or prevents the county office from obtaining such information, the card shall show that all of the tobacco available for marketing from the farm is subject to penalty.

(a) *Within quota marketing card (Form 41-Tob-47).* A "Within Quota Marketing Card" authorizing the marketing without penalty of the actual production of tobacco on the farm acreage allotment in 1941 shall be issued for a farm (other than a farm having tobacco carried over from a crop produced prior to 1941) under the following conditions:

(1) If the harvested acreage of tobacco in 1941 is not in excess of the farm acreage allotment (except as provided in paragraph (b) (1) and (2) of this section) and the operator of the farm does not operate any other farm on which the harvested acreage exceeds the acreage allotment.

¹Instructions for determining marketing quotas, issuing marketing cards, and with respect to the rights of producers in the quota for farms having tobacco which was produced thereon in a calendar year prior to 1941 and carried over to the 1941-42 marketing year will be issued in Supplement 1 to these regulations.

(2) If the farm is operated by a publicly owned experiment station and the tobacco is produced for experimental purposes only.

(b) *Excess marketing card (Form 41-Tob-48).* An "Excess Marketing Card" showing the extent to which marketings of tobacco from the farm are subject to penalty shall be issued for a farm under the following conditions:

(1) If the harvested acreage of tobacco in 1941 is in excess of the farm acreage allotment or the operator of the farm also operates any other farm on which the harvested acreage of tobacco in 1941 exceeds the farm acreage allotment.

(2) If the acreage of tobacco planted on the farm in 1941 is in excess of the farm acreage allotment and the operator does not dispose of the acreage in excess of the allotment prior to harvesting such tobacco and within 15 days after receiving notice of such excess acreage from the county office.

(3) If a within quota marketing card could be issued for the farm but the county committee determines that a zero percent excess marketing card is necessary to protect the interest of the government and to insure the proper identification of and accounting for the disposition of tobacco produced on the farm and the proper use of the marketing card issued for the farm.

(4) If there is tobacco available for marketing from the farm but no tobacco acreage allotment was established.

(5) If information required for preparation of the marketing card is not furnished or the county office is prevented from obtaining the necessary information.

(c) *Extent to which marketings from a farm are subject to penalty.* The extent to which marketings of tobacco from any farm are subject to penalty (except as provided in Supplement 1 to these regulations) shall be that percentage of the tobacco available for marketing from the farm which the acreage of tobacco harvested in excess of the farm acreage allotment for the farm is of the acreage of tobacco harvested from the farm (or if tobacco is disposed of without marketing after harvesting, that percentage which the amount of tobacco available for marketing from the farm in excess of the farm marketing quota is of the total amount of tobacco available for marketing from the farm). Each marketing card showing a percentage excess of zero also shall show a maximum number of pounds of tobacco which may be marketed thereunder which shall be the quantity of tobacco estimated by the county committee to be available for marketing from the crop produced on the farm. For any excess marketing card which shows a percentage excess of more than zero the county committee, if it has reason to believe it to be necessary in order to prevent marketing thereunder of tobacco produced on another farm, also shall have shown on the card a maximum

number of pounds which may be marketed thereunder, such number of pounds to be determined in the same manner as for a card showing zero percent excess. The maximum number of pounds shown on any excess marketing card shall be increased by the county committee if the committee determines that the quantity of tobacco available for marketing from the crop produced on the farm is greater than the number of pounds previously estimated by the committee to be available for marketing.

(d) *Number of marketing cards and entries and signatures thereon.* One or more marketing cards may be issued for any farm as approved by the county office. All entries on each marketing card shall be made in accordance with instructions for issuing marketing cards. The Receipt and the "Operator's Agreement" on each marketing card shall be signed by the farm operator or on his behalf by his authorized representative and by the person who delivers the card to the operator.*

§ 724.336 *Disposition of excess tobacco.* The amount of excess tobacco available for marketing for any farm shall be determined on the basis of the tobacco available for marketing from the farm at the time the marketing card is issued for the farm. Disposition of excess tobacco, other than by marketing shall be made only by the farm operator (or his representative) but the county committee (or a representative of the committee) shall approve the disposition. The county committee shall cause a record to be made showing the amount of tobacco (in acres or pounds) disposed of and may require the farm operator (or his representative) to sign a statement that such record is accurate before giving approval to the disposition. If all tobacco has been harvested prior to the disposition of the excess tobacco, the amount of excess tobacco available for marketing can be reduced only to the extent that the tobacco so disposed of is representative of the tobacco available for marketing from the farm.*

§ 724.337 *Report on marketing card.* The operator of each farm on which tobacco is produced in 1941 shall return to the county office each marketing card issued for the farm whenever marketings from the farm are completed and in no event later than thirty days after the close of the tobacco auction markets for the area in which the farm is located. Failure to return the marketing card to the county office within the time specified shall constitute failure to give proof of disposition of tobacco marketed from the farm in the event that satisfactory proof of such disposition is not furnished otherwise.*

§ 724.338 *Additional reports by producers and identification of tobacco.* In addition to any other reports which may be required under the regulations in this subpart, the operator of each farm or any other person having an interest in the tobacco grown on the farm (even though

the harvested acreage does not exceed the acreage allotment and even though no allotment was established for the farm) shall, upon written request by the Chief of the Marketing Quota Section, and within ten days after the deposit of such request in the United States mails addressed to such person as his last known address, furnish the Secretary of Agriculture, by sending the same to the Chief of the Marketing Quota Section, a report on Form 41-Tob-76 showing as to the farm at the time of filing said report (a) the number of acres of tobacco harvested, (b) the total production of tobacco, (c) the amount of tobacco on hand and its location, and (d) as to each lot of tobacco marketed, the name and address of the warehouseman, dealer, or other person to or through whom such tobacco was marketed and the number of pounds marketed, the gross price, and the date of marketing.*

§ 724.339 *Rights of producers in marketing card.* Each producer having a share in the tobacco available for marketing from the farm shall be entitled to the use of the marketing card for marketing his proportionate share of the total amount of tobacco available for marketing from the farm.*

§ 724.340 *Successors in interest.* Any person who succeeds in whole or in part to the share of a producer in the tobacco available for marketing from the farm shall, to the extent of such succession, have the same rights as the producer to the use of marketing card for the farm.*

§ 724.341 *Person authorized to issue cards.* The county committee shall designate one person to sign marketing cards for farms in the county as issuing agent. No marketing card shall be signed by the issuing agent until all other entries required to be made thereon have been made, except that the operator's receipt therefor and the Operator's Agreement therein may be signed after the issuing agent has signed the card, but prior to its delivery to the farm operator. Only one person shall be designated as issuing agent but such person may, subject to the approval of the county committee, designate not more than three persons to sign his name in issuing marketing cards: *Provided*, That each such person shall place his initials immediately beneath the name of the issuing agent as written by him on the card.*

§ 724.342 *Invalid cards.* A marketing card shall be invalid under any of the following conditions:

- (a) If it is not issued or delivered in the form and manner prescribed;
- (b) If entries are not made thereon as required;
- (c) If it is lost, destroyed, stolen, or becomes illegible;
- (d) If any erasure has been made; or
- (e) If any alteration has been made and not properly initialed.

In the event any marketing card becomes invalid (other than by loss, destruction, theft, omission, alteration, or incorrect entry which can be corrected

by a field assistant) the farm operator (or the person having the card in his possession) shall return it to the county office at which it was issued.

If any marketing card is lost, destroyed, stolen, or altered, the person having knowledge of such loss, destruction, theft, or alteration shall notify the county office to that effect, and the county office shall immediately notify the field office of the Marketing Quota Section for the belt.

If any marketing card which was reported as lost, destroyed, stolen, or altered is later received by the county office, the county office shall immediately notify the field office of the Marketing Quota Section of the receipt of such card.

At the end of two weeks after receipt of notice of loss, destruction or theft of any marketing card the county office may issue a duplicate marketing card to replace the lost, destroyed, or stolen card in accordance with instructions issued pursuant to the regulations in this subpart.

In the event any marketing card was improperly issued, has been altered, or become illegible, upon the return of the card to the county office a new marketing card shall be issued immediately, or as soon thereafter as the necessary information is available.

If any entry is not made on a marketing card as required (either through omission or incorrect entry) and the proper entry is made by a field assistant then such card shall become valid. If the field assistant is unable to make the proper entry, he shall return the card to the county office where it shall be retained until such entry is made, or a new marketing card is issued, as provided above.*

§ 724.343 *Additional cards and disposition of used cards.* Upon the return to the county office of the marketing card after all the memoranda of sale have been issued therefrom and before the marketing of tobacco from the farm has been completed, a new marketing card of the same kind, bearing the same name, information and identification as the used card shall be issued for the farm. Any marketing card issued to replace another card shall have entered thereon the total sales as shown on the marketing card which is replaced.*

§ 724.344 *Report of probable misuse of marketing card.* Any information which causes any field assistant, a member of any local committee, or an employee of the county office to believe that any tobacco which actually was produced on another farm has been or is being marketed under the marketing card for a particular farm shall be reported immediately by such person to the field office of the Marketing Quota Section.*

§ 724.345 *No transfers.* There shall be no transfer of marketing quotas.*

MARKETING OF TOBACCO AND PENALTIES

§ 724.346 *Memorandum of sale to identify every marketing.* Each market-

ing of tobacco from a farm shall be identified by a memorandum of sale issued from the marketing card (Form 41-Tob-47 or 41-Tob-48) for the farm but if a memorandum of sale cannot be obtained within four weeks after the date of the marketing of any tobacco at a warehouse sale, such marketing of tobacco shall be subject to penalty and the amount of penalty shall be shown on the memorandum of sale cleared without marketing card (Form 41-Tob-68). The memorandum of sale shall be issued only by a field assistant, with the following exception:

(a) A warehouseman, or his authorized representative, who has been authorized on Form 41-Tob-75, may issue a within quota memorandum of sale to identify a warehouse sale, if a field assistant is not available at the warehouse when the card is presented by the farmer, but in such case the memorandum of sale shall be presented promptly by the warehouseman to the field assistant for verification with the warehouse records.

(b) A representative of the county office may issue memoranda of sale covering sales of tobacco by the producer in small lots by mail order or directly to various individuals other than dealers.

The authorization to issue within quota memoranda of sale under paragraph 1 above may be withdrawn from any warehouseman upon written notice by the Chief of the Marketing Quota Section.

Each excess memorandum of sale, after issuance by a field assistant, shall be checked by the warehouseman or dealer (or his representative) to determine whether the amount of penalty shown thereon to be due has been correctly computed, and the warehouseman or dealer shall be responsible for the correctness of such computations.

If the quantity of tobacco previously identified by memoranda of sale issued from any within quota marketing card is in excess of the number of pounds assigned to the card, the person issuing the memorandum shall require the farm operator to sign the "Operator's Certificate" on the back of the memorandum and if he is satisfied that such signature is the same as the signature of the farm operator on the marketing card, he may issue the memorandum. If any person other than the operator presents the marketing card, the memorandum of sale shall not be issued unless the "Authorization for Agent", on the back of such memorandum has been properly executed and signed by the operator, or by the person who presents the marketing card, in the event that such person signs his name as agent of the farm operator and places his address immediately beneath his signature. Any person authorized to issue a memorandum of sale under either of the above described circumstances who has reason to believe that the tobacco to be covered by the memorandum was not produced on the farm for which the marketing card con-

taining the memorandum was issued, may or may not issue the memorandum as he considers advisable, but in either event he shall immediately make a written report of the circumstances in the case to the field office of the Marketing Quota Section for the area in which the tobacco is sold.*

§ 724.347 *Bill of nonwarehouse sale.* Each marketing of tobacco, except a warehouse sale, shall be identified by a Bill of Nonwarehouse Sale (Form 41-Tob-64) completely executed by the buyer and the farm operator, except for the entry of the serial number of the memorandum of sale. The post card copy (Form 41-Tob-64a) shall be mailed by the farm operator not later than the day following the day on which executed. The original of each Bill of Nonwarehouse Sale covering any marketing shall be presented to a field assistant for issuance of a memorandum of sale or a memorandum of sale cleared without marketing card) and for recording in the Dealer's Record Book in case of a purchase by a dealer other than a warehouseman.*

§ 724.348 *Marketings free of penalty.* Any tobacco marketed from a farm which is identified by a valid memorandum of sale from the marketing card issued for the farm shall be free of penalty to the extent shown by the memorandum of sale.*

§ 724.349 *Marketings subject to penalty and collection of penalties—(a) Farm tobacco.* With respect to tobacco marketed from farms, having excess tobacco available for marketing, the penalty shall be paid upon that proportion of each lot of tobacco which the tobacco available for marketing in excess of the farm quota (at the time of issuance of the marketing card) is of the total amount of tobacco available for marketing from the farm. The memorandum of sale issued to identify such marketing of tobacco shall show that portion of such marketing which is subject to penalty and any portion of such marketing of tobacco which is not shown by the memorandum as being subject to penalty shall be free of penalty.

(b) *Dealer's tobacco.* Any marketing of tobacco by a dealer which such dealer represents to be a resale, but all or any part of which, when added to prior resales by such dealer as shown on the Dealer's Record, is in excess of the total amount of purchases as shown on such Dealer's Record shall be a marketing of tobacco subject to penalty unless and until the dealer furnishes proof acceptable to the Secretary showing that such tobacco is not subject to penalty. Any marketing of tobacco by a dealer which such dealer represents to be a resale of tobacco previously purchased by him but which, because of the difference in the price at which such tobacco is resold as compared with the price at which he had purchased the tobacco, cannot reasonably be regarded as tobacco previously purchased by him shall be taken to be a marketing of tobacco subject to penalty.

(c) *Tobacco not identified by a valid memorandum.* Any marketing of tobacco which is not identified by a valid memorandum of sale shall be subject to penalty.

(d) *Liability in case of error on memorandum.* The person liable for the payment of the penalty upon any marketing of tobacco shall not be relieved of such liability because of any error which may occur on the memorandum of sale.*

§ 724.350 *Persons to pay penalty and deduction from purchase price—(a) Warehouse sale.* If the tobacco is marketed by the producer through a warehouseman the penalty shall be paid by the warehouseman, who may deduct an amount equivalent to the penalty from the price paid to the producer.

(b) *Sale other than warehouse sale.* If the tobacco is acquired from the producer in any manner other than through a warehouse sale, the penalty shall be paid by the person who acquired the tobacco, but such person may deduct an amount equivalent to the penalty from the price paid to the producer.

(c) *Agent.* If the tobacco is marketed by the producer through an agent who is not a warehouseman, the penalty shall be paid by the agent, who may deduct an amount equivalent to the penalty from the price paid to the producer.

(d) *Agent in case of false representation.* If any person markets tobacco representing that such tobacco is being marketed from one farm when in fact such tobacco is being marketed from another farm, then such person, as agent, shall pay any penalty due upon such marketing of tobacco.

(e) *Warehouseman and dealer on dealer's tobacco.* Any penalty due upon tobacco subject to penalty under § 724.349 (b) shall be paid by the warehouseman, who may deduct an amount equivalent to the penalty from the price paid to the dealer, but the dealer shall not be relieved of responsibility for payment of such penalty.

(f) *Producer marketing outside United States.* If the tobacco is marketed by the producer directly to any person outside the United States, the penalty shall be paid by the producer.

(g) *Producer on behalf of buyer in case of mail order or direct sales in small lots.* If the tobacco is marketed in small lots by the producer by mail order sales or directly to various individuals other than dealers, the penalty may be paid by the producer of such tobacco on behalf of the various buyers. In such case the buyer of such tobacco shall be relieved of the penalty to the extent that it is paid by the producer.*

§ 724.351 *Amount of penalty.* The penalty shall be ten cents per pound upon any marketing of tobacco which is not identified under the regulations in this subpart as being free from penalty.*

§ 724.352 *Penalty for false identification or failure to account for disposition of tobacco.* If any producer falsely identifies or fails to account for disposi-

tion of any tobacco, an amount of tobacco equal to the normal yield (determined under the 1941 Agricultural Conservation Program) of the number of acres harvested in 1941 in excess of the farm acreage allotment shall be deemed to have been marketed in excess of the marketing quota for the farm and the penalty in respect thereof shall be paid and remitted by the producer.*

§ 724.353 *Payment of penalty.* Penalties upon the marketing of tobacco shall become due at the time of the marketing, and shall be paid by remitting the amount thereof to the Marketing Quota Section, Agricultural Administration, Washington, D. C., not later than the end of the calendar week following the week in which the memorandum of sale was issued, or, in the event a memorandum is not issued, not later than four weeks after the date upon which the tobacco was sold. A draft, money order, or check, payable to the order of the Treasurer of the United States may be used to pay any penalty, but any such draft, or check shall be received subject to payment at par.*

§ 724.354 *Application for return of penalty.* Any producer of tobacco who bore the burden of the payment of any penalty collected may file an application for return of any amount of such penalty which is in excess of that amount equal to ten cents per pound upon the number of pounds marketed in excess of the farm marketing quota. Any application for the return of any penalty shall be filed on Form 41-Tob-74, "Application for Return of Penalty".

An application for the return of penalty filed by any producer of tobacco on a farm on which the tobacco available for marketing is in excess of the farm marketing quota shall not be approved unless (1) the marketing of tobacco from the farm has been completed and (2) disposition of all unmarketed excess tobacco has been made under the supervision of the county committee, (or its representative) and has been approved by the county committee.

Return of penalty collected upon marketings of tobacco from any farm on which the tobacco available for marketing is in excess of farm marketing quota shall be made only upon the basis of tobacco produced on the farm and, if the county committee has good cause to believe that any of the unmarketed excess tobacco as reported for the farm by the farm operator was not actually produced thereon, the application for such farm shall not be approved with respect to that tobacco which the committee has good cause to believe was not produced on the farm. The county committee shall approve an Application for Return of Penalty only with respect to that number of pounds of unmarketed excess tobacco which the committee determines is representative of the entire amount of tobacco available for marketing from the farm in the 1941-42 marketing year, taking into account the value of the unmarketed excess tobacco

(which is disposed of) as appraised by the county committee (or its representative) and the value of tobacco marketed from the farm.

Any application for the return of penalty pursuant to this section shall be filed not later than sixty days before the end of the marketing year next succeeding that in which the penalty is collected.*

RECORDS AND REPORTS

§ 724.355 *Warehouseman's records and reports—(a) Record of marketings.* Each warehouseman shall keep such records as will enable him to furnish to the Secretary of Agriculture a report of the following information with respect to each sale or resale of tobacco made at his warehouse; the name of the seller (and, in the case of a sale for a producer, the name of the operator of the farm on which the tobacco was produced), the name of the purchaser, the date of sale, the number of pounds sold, the sale price, the amount of any penalty and the amount of any deduction on account of penalty from the price paid the producer (or a dealer). All purchases and resales for the warehouse leaf account shall be so identified in the records and a separate account shall be maintained with respect to the amount of floor sweepings picked up and the disposition of such floor sweepings. The quantity of floor sweepings, including bundles, leaves and scrap, picked up by the warehouse after each sale shall be reported in the space provided on the Auction Warehouse Report (Form 41-Tob-66). Any warehouseman who grades tobacco for farmers shall maintain a separate account showing the approximate amount of grading house scrap obtained from the tobacco graded from each farm. In the case of resales for dealers the name of the dealer making each resale shall be shown on the warehouse records so that the individual lots of tobacco sold by the dealer can be identified.

(b) *Identification of sale on check register.* The serial number of the memorandum of sale issued to identify each marketing of tobacco from a farm, or the number of the warehouse bill(s) covering each such marketing, shall be recorded on the check register or check stub for the check written with respect to such sale of tobacco.

(c) *Memorandum of sale record and bill of nonwarehouse sale record.* A record in the form of a valid memorandum of sale (or a memorandum of sale cleared without marketing card) shall be obtained by every warehouseman to cover each marketing of tobacco from a farm through the warehouse, and if a warehouseman buys tobacco directly from a farmer (other than at a warehouse auction sale as defined in the regulations in this subpart), such warehouseman shall obtain a valid memorandum of sale to cover each such purchase of tobacco, together with a properly executed Bill of Nonwarehouse Sale (Form 41-Tob-64). Any warehouseman who ob-

tains possession of any grading house scrap in the course of grading tobacco from any farm shall obtain a memorandum of sale to cover the amount of such scrap tobacco from such farm.

(d) *Suspended sale record.* Any warehouse bills (except bills for resale tobacco) for which memoranda of sale have not been issued at the end of the sale day shall be presented to a field assistant who shall stamp such bills as "suspended," write thereon the serial number of the suspended sale, and record the bills on the Register of Suspended Sales (Form 41-Tob-62): *Provided*, That if a field assistant is not available, the warehouseman may stamp such bills suspended and deliver them to a field assistant as soon as one becomes available.

(e) *Warehouse entries on dealers' records.* Each warehouseman shall enter on each Dealer's Record (Form 41-Tob-65) the total of purchases and resales made by such dealer during each sale day at the warehouse. If any tobacco resold by the dealer is tobacco bought by him from a crop produced prior to 1941 the entry on the Dealer's Record shall clearly show such fact.

(f) *Daily report of warehouse business and report of penalties.* Each warehouseman shall make reports on Form 41-Tob-66, Auction Warehouse Report, and on Form 41-Tob-67, Listing of Penalties, showing the information required on the respective reports. Form 41-Tob-66 shall be prepared for each sale day and all reports for the sale days occurring during any week shall be forwarded to the Marketing Quota Section at or before the end of the next following calendar week. Form 41-Tob-67 shall be prepared for each week and the report for each week shall be forwarded, together with the remittance of the penalty due, as shown thereon, to the Marketing Quota Section not later than the end of the next following calendar week.

(g) *Summary of warehouse accounts.* Each warehouseman shall assist field assistants to prepare summaries of the warehouse account by making available all records kept and reports made by the warehouse as required by the regulations in this subpart.

(h) *Additional records and reports.* In addition to the records and reports provided above, each warehouseman shall keep such additional records and make such additional reports to the Secretary of Agriculture as the Chief of the Marketing Quota Section may find necessary in order to enforce the regulations in this subpart.*

§ 724.356 *Dealer's records and reports.* Each dealer, except as provided in § 724.357 below, shall keep the records and make the reports as provided by this section.

(a) *Report of dealer's name, address and registration number.* Each dealer shall properly execute and the field assistant shall detach and forward to the Marketing Quota Section the page

"Receipt for Dealer's Record" contained in Form 41-Tob-65, "Dealer's Record" which is issued to the dealer.

(b) *Record and report of purchases and resales.* Each dealer shall keep a record and make reports on Form 41-Tob-65, "Dealer's Record", showing all purchases and resales of tobacco made by the dealer and, in the event of resale of tobacco bought from a crop produced prior to 1941, the fact that such tobacco was bought by him and carried over from a crop produced prior to 1941.

(c) *Report of penalties.* Each dealer shall make a report on Form 41-Tob-67 showing the information with respect to all purchases subject to penalty made by him during each calendar week. The amount of penalty shown to be due by each such report shall be remitted with the report.

(d) *Memorandum of sale record and Bill of Nonwarehouse Sale record.* For each lot of tobacco purchased from a farmer each dealer shall obtain a record in the form of a valid memorandum of sale issued by a representative of the Marketing Quota Section. No memorandum of sale shall be issued unless: (1) the farm operator or his authorized agent has signed the "Operator's Certificate" on the back of the memorandum and (2) unless a properly executed Bill of Nonwarehouse Sale (Form 41-Tob-64) is presented covering such sale.

(e) *Additional records.* Each dealer shall keep such records, in addition to the foregoing, as may be necessary to enable him to furnish the following information with respect to each lot of tobacco purchased or sold by him: The name of the seller (and in the case of a purchase from a producer, the name of the operator of the farm on which the tobacco was produced), the name of the purchaser, the date of the transaction, the number of pounds and the gross sale price; and in the event of resale of tobacco bought by him and carrier over from a crop produced prior to 1941, the fact that such tobacco was so bought and carried over.

All reports shall be forwarded to the Marketing Quota Section not later than the end of the week following the calendar week covered by the reports.*

§ 724.357 *Dealers exempt from regular records and reports.* Any dealer who does not purchase or otherwise acquire tobacco except at a warehouse sale and who does not resell, in the form in which tobacco ordinarily is sold by farmers, more than ten percent of the tobacco purchased by him, shall not be subject to the provisions of § 724.356; but each such dealer shall make such reports to the Secretary of Agriculture as the Chief of the Marketing Quota Section may find necessary to enforce the regulations in this subpart.*

§ 724.358 *Records and reports of redryers, etc.* Every person engaged in the business of redrying, prizing, or stemming tobacco for producers shall keep such

records as will enable him to furnish the Secretary of Agriculture a report of the following information with respect to each lot of tobacco received by him: The date of receipt of the tobacco, the number of pounds received, the purpose for which the tobacco was received (and if received from a producer, the name and address of the farm operator, and the code and serial number of the farm on which the tobacco was grown), the amount of advance made by him on the tobacco, and the disposition of the tobacco. Each such person shall make such reports to the Secretary of Agriculture as the Chief of the Marketing Quota Section may find necessary to enforce the regulations in this subpart.*

§ 724.359 *Separate records and reports from persons engaged in more than one business.* Any person who is required to keep any record or make any report as a warehouseman, dealer, processor, or as a person engaged in the business of redrying, prizing, or stemming tobacco for producers, and who is engaged in more than one such business, shall keep such records as will enable him to make separate reports for each such business in which he is engaged, to the same extent for each such business as if he were engaged in no other business, except that a warehouseman shall not be required to keep a record and make reports on Form 41-Tob-65, "Dealer's Record", if the transactions which would be recorded and reported on such forms are recorded on the records kept by the warehouse in its regular course of business and reported as required on Form 41-Tob-66.*

§ 724.360 *Failure to keep record or make report.* Any warehouseman, processor, or common carrier of tobacco, or person engaged in the business of purchasing tobacco from producers, or person engaged in the business of redrying, prizing or stemming tobacco for producers, who fails to make any report or keep any record as required under the regulations in this subpart, or who makes any false report or record, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subject to a fine of not more than \$500; and any tobacco warehouseman or dealer who fails to remedy such violation by making a complete and accurate report or keeping a complete and accurate record as required under the regulations in this subpart within fifteen days after notice to him of such violation shall be subject to an additional fine of \$100 for each ten thousand pounds of tobacco, or fraction thereof, bought or sold by him after the date of such violation: *Provided*, That such fine shall not exceed \$5,000; and notice of such violation shall be served upon the tobacco warehouseman or dealer by mailing the same to him by registered mail or by posting the same at an established place of business operated by him, or both. Notice of any violation by a tobacco warehouseman or dealer shall be given by the Chief of the Marketing Quota Section.*

§ 724.361 *Examination of records and reports.* For the purpose of ascertaining the correctness of any report made or record kept, or of obtaining information required to be furnished in any report, but not so furnished, any warehouseman, dealer, processor, common carrier or person engaged in the business of redrying, prizing or stemming tobacco for producers shall make available for examination, upon written request by the Chief of the Marketing Quota Section, such books, papers, records, accounts, correspondence, contracts, documents and memoranda as he has reason to believe are relevant and are within the control of such person.*

§ 724.362 *Length of time records and reports to be kept.* Records required to be kept and copies of the reports required to be made by any person under the regulations for the 1941-42 marketing year shall be kept by him until September 30, 1943, and for such longer period of time as may be requested in writing by the Chief of the Marketing Quota Section.*

§ 724.363 *Information confidential.* All data reported to or acquired by the Secretary of Agriculture pursuant to the provisions of these regulations shall be kept confidential by all officers and employees of the Department of Agriculture, and only such data so reported or acquired as the Secretary of Agriculture deems relevant shall be disclosed by them and then only in a suit or administrative hearing under Title III of the Act.*

By virtue of the authority vested in the Secretary of Agriculture by Title III of the Agricultural Adjustment Act of 1938 (Public Law No. 430, 75th Congress, approved February 16, 1938), as amended, he does hereby make, prescribe, publish and give public notice of the foregoing regulations pertaining to dark air-cured tobacco marketing quotas for the 1941-42 marketing year to be in force and effect for said marketing year until amended or superseded by regulations hereafter made by the Secretary of Agriculture under said Act.

Done at Washington, D. C., this 21st day of October 1941. Witness my hand and the seal of the Department of Agriculture.

* §§ 726.318 to 726.350, inclusive, issued under the authority contained in 52 Stat. 38, 7 U.S.C. 1301, et seq., as amended.

§ 726.319 *Instructions and forms.* The Administrator of the Agricultural Adjustment Administration shall cause to be prepared and issued such instructions and such forms as may be deemed necessary or expedient for carrying out the regulations in this subpart.*

§ 726.320 *Tobacco subject to marketing quotas.* Any tobacco marketed during the period October 1, 1941, to September 30, 1942, inclusive, and any tobacco produced in the calendar year 1941 and marketed prior to October 1, 1941, shall be subject to the marketing quotas for the 1941-42 marketing year.*

FARM MARKETING QUOTAS¹

§ 726.321 *Amount of farm marketing quota.* The marketing quota for a farm shall be the actual production of tobacco on the farm acreage allotment, as established for the farm in accordance with the "Procedure for Determination of Fire-cured and Dark Air-cured Tobacco Acreage Allotments for 1941" (Form 41-Tob-33 and Supplement 1). The actual production of the farm acreage allotment shall be the average yield per acre of the entire acreage of tobacco harvested on the farm in 1941 times the farm acreage allotment. The excess tobacco on any farm shall be that quantity of tobacco which is equal to the average yield per acre of the entire acreage of tobacco harvested on the farm in 1941 times the number of acres harvested in excess of the farm acreage allotment.*

§ 726.322 *Issuance of marketing card.* A marketing card shall be issued for every farm having tobacco available for marketing. The card shall be issued after information required for its preparation (including measurements of the harvested acreage of tobacco and an estimate of the actual production of tobacco) has been furnished to or obtained

by the county office. If the farm operator refuses to furnish or prevents the county office from obtaining such information, the card shall show that all of the tobacco available for marketing from the farm is subject to penalty.

(a) *Within quota marketing card (Form 41-Tob-49).* A "Within Quota Marketing Card" authorizing the marketing without penalty of the actual production of tobacco on the farm acreage allotment in 1941 shall be issued for a farm (other than a farm having tobacco carried over from a crop produced prior to 1941) under the following conditions:

(1) If the harvested acreage of tobacco in 1941 is not in excess of the farm acreage allotment (except as provided in paragraph (b) 2 and 3 of this section) and the operator of the farm does not operate any other farm on which the harvested acreage exceeds the acreage allotment.

(2) If the farm is operated by a publicly owned experiment station and the tobacco is produced for experimental purposes only.

(b) *Excess marketing card (Form 41-Tob-50).* An "Excess Marketing Card" showing the extent to which marketings of tobacco from the farm are subject to penalty shall be issued for a farm under the following conditions:

(1) If the harvested acreage of tobacco in 1941 is in excess of the farm acreage allotment or the operator of the farm also operates any other farm on which the harvested acreage of tobacco in 1941 exceeds the farm acreage allotment.

(2) If the acreage of tobacco planted on the farm in 1941 is in excess of the farm acreage allotment and the operator does not dispose of the acreage in excess of the allotment prior to harvesting such tobacco and within 15 days after receiving notice of such excess acreage from the county office.

(3) If a within quota marketing card could be issued for the farm but the county committee determines that a zero percent excess marketing card is necessary to protect the interest of the government and to insure the proper identification of and accounting for the disposition of tobacco produced on the farm and the proper use of the marketing card issued for the farm.

(4) If there is tobacco available for marketing from the farm but no tobacco acreage allotment was established.

(5) If information required for preparation of the marketing card is not furnished or the county office is prevented from obtaining the necessary information.

(c) *Extent to which marketings from a farm are subject to penalty.* The extent to which marketings of tobacco from any farm subject to penalty (except as provided in Supplement 1 to the regulations in this subpart) shall be that percentage of the tobacco available for mar-

keting from the farm which the acreage of tobacco harvested in excess of the farm acreage allotment for the farm is of the acreage of tobacco harvested from the farm (or if tobacco is disposed of without marketing after harvesting, that percentage which the amount of tobacco available for marketing from the farm in excess of the farm marketing quota is of the total amount of tobacco available for marketing from the farm). Each marketing card showing a percentage excess of zero also shall show a maximum number of pounds of tobacco which may be marketed thereunder which shall be the quantity of tobacco estimated by the county committee to be available for marketing from the crop produced on the farm. For any excess marketing card which shows a percentage excess of more than zero the county committee, if it has reason to believe it to be necessary in order to prevent marketing thereunder of tobacco produced on another farm, also shall have shown on the card a maximum number of pounds which may be marketed thereunder, such number of pounds to be determined in the same manner as for a card showing zero percent excess. The maximum number of pounds shown on any excess marketing card shall be increased by the county committee if the committee determines that the quantity of tobacco available for marketing from the crop produced on the farm is greater than the number of pounds previously estimated by the committee to be available for marketing.

(d) *Number of marketing cards and entries and signature thereon.* One or more marketing cards may be issued for any farm as approved by the county office. All entries on each marketing card shall be made in accordance with instructions for issuing marketing cards. The Receipt and the "Operator's Agreement" on each marketing card shall be signed by the farm operator or on his behalf by his authorized representative and by the person who delivers the card to the operator.*

§ 726.323 *Disposition of excess tobacco.* The amount of excess tobacco available for marketing for any farm shall be determined on the basis of the tobacco available for marketing from the farm at the time the marketing card is issued for the farm. Disposition of excess tobacco, other than by marketing shall be made only by the farm operator (or his representative) but the county committee (or a representative of the committee) shall approve the disposition. The county committee shall cause a record to be made showing the amount of tobacco (in acres or pounds) disposed of and may require the farm operator (or his representative) to sign a statement that such record is accurate before giving approval to the disposition. If all tobacco has been harvested prior to the disposition of the excess tobacco, the amount of excess tobacco available for marketing can be reduced only to the extent that the tobacco so disposed of

¹ Instructions for determining marketing quotas, issuing marketing cards, and with respect to the rights of producers in the quota for farms having tobacco which was produced thereon in a calendar year prior to 1941 and carried over to the 1941-42 marketing year will be issued in Supplement 1 to these regulations.

is representative of the tobacco available for marketing from the farm.*

§ 726.324 *Report on marketing card.* The operator of each farm on which tobacco is produced in 1941 shall return to the county office each marketing card issued for the farm whenever marketings from the farm are completed and in no event later than thirty days after the close of the tobacco auction markets for the area in which the farm is located. Failure to return the marketing card to the county office within the time specified shall constitute failure to give proof of disposition of tobacco marketed from the farm in the event that satisfactory proof of such disposition is not furnished otherwise.*

§ 726.325 *Additional reports by producers and identification of tobacco.* In addition to any other reports which may be required under the regulations in this subpart, the operator of each farm or any other person having an interest in the tobacco grown on the farm (even though the harvested acreage does not exceed the allotment and even though no allotment was established for the farm) shall, upon written request by the Chief of the Marketing Quota Section, and within ten days after the deposit of such request in the United States mails addressed to such person at his last known address, furnish the Secretary of Agriculture, by sending the same to the Chief of the Marketing Quota Section, a written report on Form 41-Tob-76 showing, as to the farm at the time of filing said report (a) the number of acres of tobacco harvested, (b) the total production of tobacco, (c) the amount of tobacco on hand and its location, and (d) as to each lot of tobacco marketed, the name and address of the warehouseman, dealer, or other person to or through whom such tobacco was marketed and the number of pounds marketed, the gross price, and the date of marketing.*

§ 726.326 *Rights of producers in marketing card.* Each producer having a share in the tobacco available for marketing from the farm shall be entitled to the use of the marketing card for marketing his proportionate share of the total amount of tobacco available for marketing from the farm.*

§ 726.327 *Successors in interest.* Any person who succeeds in whole or in part to the share of a producer in the tobacco available for marketing from the farm shall, to the extent of such succession, have the same rights as the producer to the use of marketing card for the farm.*

§ 726.328 *Person authorized to issue cards.* The county committee shall designate one person to sign marketing cards for farms in the county as issuing agent. No marketing card shall be signed by the issuing agent until all other entries required to be made thereon have been made, except that the operator's receipt therefor and the Operator's Agreement therein may be signed after

the issuing agent has signed the card, but prior to its delivery to the farm operator. Only one person shall be designated as issuing agent but such person may, subject to the approval of the county committee, designate not more than three persons to sign his name in issuing marketing cards; provided that each such person shall place his initials immediately beneath the name of the issuing agent as written by him on the card.*

§ 726.329 *Invalid cards.* A marketing card shall be invalid under any of the following conditions:

- (a) If it is not issued or delivered in the form and manner prescribed;
- (b) If entries are not made thereon as required;
- (c) If it is lost, destroyed, stolen, or becomes illegible;
- (d) If any erasure has been made; or
- (e) If any alteration has been made and not properly initialed.

In the event any marketing card becomes invalid (other than by loss, destruction, theft, omission, alteration, or incorrect entry which can be corrected by a field assistant) the farm operator (or the person having the card in his possession) shall return it to the county office at which it was issued.

If any marketing card is lost, destroyed, stolen, or altered, the person having knowledge of such loss, destruction, theft, or alteration shall notify the county office to that effect, and the county office shall immediately notify the field office of the Marketing Quota Section for the belt.

If any marketing card which was reported as lost, destroyed, stolen, or altered is later received by the county office, the county office shall immediately notify the field office of the Marketing Quota Section of the receipt of such card.

At the end of two weeks after receipt of notice of loss, destruction or theft of any marketing card the county office may issue a duplicate marketing card to replace the lost, destroyed, or stolen card in accordance with instructions issued pursuant to the regulations in this subpart.

In the event any marketing card was improperly issued, has been altered, or becomes illegible, upon the return of the card to the county office a new marketing card shall be issued immediately, or as soon thereafter as the necessary information is available.

If any entry is not made on a marketing card as required (either through omission or incorrect entry) and the proper entry is made by a field assistant then such card shall become valid. If the field assistant is unable to make the proper entry, he shall return the card to the county office where it shall be retained until such entry is made, or a new marketing card is issued, as provided above.*

§ 726.330 *Additional cards and disposition of used cards.* Upon the return to the county office of the marketing card after all the memoranda of sale have been issued therefrom and before the marketing of tobacco from the farm has been completed, a new marketing card of the same kind, bearing the same name, information and identification as the used card shall be issued for the farm. Any marketing card issued to replace another card shall have entered thereon the total sales as shown on the marketing card which is replaced.*

§ 726.331 *Report of probable misuse of marketing card.* Any information which causes any field assistant, a member of any local committee, or an employee of the county office to believe that any tobacco which actually was produced on another farm has been or is being marketed under the marketing card for a particular farm shall be reported immediately by such person to the field office of the Marketing Quota Section.*

§ 726.332 *No transfers.* There shall be no transfer of marketing quotas.*

MARKETING OF TOBACCO AND PENALTIES

§ 726.333 *Memorandum of sale to identify every marketing.* Each marketing of tobacco from a farm shall be identified by a memorandum of sale issued from the marketing card (Form 41-Tob-49 or 41-Tob-50) for the farm but if a memorandum of sale cannot be obtained within four weeks after the date of the marketing of any tobacco at a warehouse sale, such marketing of tobacco shall be subject to penalty and the amount of penalty shall be shown on the memorandum of sale cleared without marketing card (Form 41-Tob-63). The memorandum of sale shall be issued only by a field assistant, with the following exceptions:

(a) A warehouseman, or his authorized representative, who has been authorized on Form 41-Tob-75, may issue a within quota memorandum of sale to identify a warehouse sale, if a field assistant is not available at the warehouse when the card is presented by the farmer, but in such case the memorandum of sale shall be presented promptly by the warehouseman to the field assistant for verification with the warehouse records.

(b) A dealer, or his authorized representative, operating a regular receiving point for tobacco who keeps records showing the information specified in subsection 726.343 (e) and who has been authorized on Form 41-Tob-75, may issue within quota memoranda of sale covering tobacco purchased by such dealer and delivered directly to such receiving point by the producer.

(c) A representative of the county office may issue memoranda of sale covering sales of tobacco by the producer in

small lots, by mail order or directly to various individuals other than dealers.

The authorization to issue within quota memoranda of sale under paragraphs (a) or (b) above may be withdrawn from any warehouseman or dealer upon written notice by the Chief of the Marketing Quota Section.

Each excess memorandum of sale, after issuance by a field assistant, shall be checked by the warehouseman or dealer (or his representative) to determine whether the amount of penalty shown thereon to be due has been correctly computed, and the warehouseman or dealer shall be responsible for the correctness of such computations.

If the quantity of tobacco previously identified by memoranda of sale issued from any within quota marketing card is in excess of the number of pounds assigned to the card, the person issuing the memorandum shall require the farm operator to sign the "Operator's Certificate" on the back of the memorandum and if he is satisfied that such signature is the same as the signature of the farm operator on the marketing card, he may issue the memorandum. If any person other than the operator presents the marketing card, the memorandum of sale shall not be issued unless the "Authorization for Agent", on the back of such memorandum has been properly executed and signed by the operator, or by the person who presents the marketing card, in the event that such person signs his name as agent of the farm operator and places his address immediately beneath his signature. Any person authorized to issue a memorandum of sale under either of the above described circumstances who has reason to believe that the tobacco to be covered by the memorandum was not produced on the farm for which the marketing card containing the memorandum was issued, may or may not issue the memorandum as he considers advisable, but in either event he shall immediately make a written report of the circumstances in the case to the field office of the Marketing Quota Section for the belt in which the tobacco is sold.*

§ 726.334 *Bill of nonwarehouse sale.* Each marketing of tobacco, except a warehouse sale or a nonwarehouse sale of within quota tobacco to a dealer authorized to issue memoranda of sale under paragraph (b) of § 726.333 shall be identified by a Bill of Nonwarehouse Sale (Form 41-Tob-64) completely executed by the buyer and the farm operator, except for the entry of the serial number of the memorandum of sale. The post card copy (Form 41-Tob-64a) shall be mailed by the farm operator not later than the day following the day on which executed. The original of each Bill of Nonwarehouse Sale shall be presented to a field assistant for issuance of a memorandum of sale (or a memorandum of sale cleared without marketing card) and for recording in the Dealer's Record Book in case of a purchase by a dealer other than a warehouseman.*

§ 726.335 *Marketings free of penalty.* Any tobacco marketed from a farm which is identified by a valid memorandum of sale from the marketing card issued for the farm shall be free of penalty to the extent shown by the memorandum of sale.*

§ 726.336 *Marketings subject to penalty and collection of penalties—(a) Farm tobacco.* With respect to tobacco marketed from farms having excess tobacco available for marketing, the penalty shall be paid upon that proportion of each lot of tobacco which the tobacco available for marketing in excess of the farm quota (at the time of issuance of the marketing card) is of the total amount of tobacco available for marketing from the farm. The memorandum of sale issued to identify such marketing of tobacco shall show that portion of such marketing which is subject to penalty, and any portion of such marketing of tobacco which is not shown by the memorandum as being subject to penalty shall be free of penalty.

(b) *Dealer's tobacco.* Any marketing of tobacco by a dealer which such dealer represents to be a resale, but all or any part of which, when added to prior resales by such dealer as shown on the Dealer's Record, is in excess of the total amount of purchases as shown on such Dealer's Record shall be a marketing of tobacco subject to penalty unless and until the dealer furnishes proof acceptable to the Secretary showing that such tobacco is not subject to penalty. Any marketing of tobacco by a dealer which such dealer represents to be a resale of tobacco previously purchased by him but which, because of the difference in the price at which such tobacco is resold as compared with the price at which he had purchased the tobacco, cannot reasonably be regarded as tobacco previously purchased by him shall be taken to be a marketing of tobacco subject to penalty.

(c) *Tobacco not identified by a valid memorandum.* Any marketing of tobacco which is not identified by a valid memorandum of sale shall be subject to penalty.

(d) *Liability in case of error on memorandum.* The person liable for the payment of the penalty upon any marketing of tobacco shall not be relieved of such liability because of any error which may occur on the memorandum of sale.*

§ 726.337 *Persons to pay penalty and deduction from purchase price—(a) Warehouse sale.* If the tobacco is marketed by the producer through a warehouseman the penalty shall be paid by the warehouseman, who may deduct an amount equivalent to the penalty from the price paid to the producer.

(b) *Sale other than warehouse sale.* If the tobacco is acquired from the producer in any manner other than through a warehouse sale, the penalty shall be paid by the person who acquired the tobacco, but such person may deduct an

amount equivalent to the penalty from the price paid to the producer.

(c) *Agent.* If the tobacco is marketed by the producer through an agent who is not a warehouseman, the penalty shall be paid by the agent, who may deduct an amount equivalent to the penalty from the price paid to the producer.

(d) *Agent in case of false representation.* If any person markets tobacco representing that such tobacco is being marketed from one farm when in fact such tobacco is being marketed from another farm, then such person, as agent, shall pay any penalty due upon such marketing of tobacco.

(e) *Warehouseman and dealer or dealer's tobacco.* Any penalty due upon tobacco subject to penalty under paragraph (b) of § 726.336 shall be paid by the warehouseman, who may deduct an amount equivalent to the penalty from the price paid to the dealer, but the dealer shall not be relieved of responsibility for payment of such penalty.

(f) *Producer marketing outside United States.* If the tobacco is marketed by the producer directly to any person outside the United States, the penalty shall be paid by the producer.

(g) *Producer on behalf of buyer in case of mail order or direct sales in small lots.* If the tobacco is marketed in small lots by the producer by mail order sales or directly to various individuals other than dealers, the penalty may be paid by the producer of such tobacco on behalf of the various buyers. In such case the buyer of such tobacco shall be relieved of the penalty to the extent that it is paid by the producer.*

§ 726.338 *Amount of penalty.* The penalty shall be five cents per pound upon any marketing of tobacco which is not identified under the regulations in this subpart as being free from penalty.*

§ 726.339 *Penalty for false identification or failure to account for disposition of tobacco.* If any producer falsely identifies or fails to account for disposition of any tobacco, an amount of tobacco equal to the normal yield (determined under the 1941 Agricultural Conservation Program) of the number of acres harvested in 1941 in excess of the farm acreage allotment shall be deemed to have been marketed in excess of the marketing quota for the farm and the penalty in respect thereof shall be paid and remitted by the producer.*

§ 726.340 *Payment of penalty.* Penalties upon the marketing of tobacco shall become due at the time of the marketing, and shall be paid by remitting the amount thereof to the Marketing Quota Section, Agricultural Adjustment Administration, Washington, D. C., not later than the end of the calendar week following the week in which the memorandum of sale was issued, or, in the event a memorandum is not issued, not later than four weeks after the date upon which the tobacco was sold. A draft, money order, or check, payable to the order of the Treasurer of the United

States may be used to pay any penalty, but any such draft, or check shall be received subject to payment at par.*

§ 726.341 *Application for return of penalty.* Any producer of tobacco who bore the burden of the payment of any penalty collected may file an application for return of any amount of such penalty which is in excess of that amount equal to five cents per pound upon the number of pounds marketed in excess of the farm marketing quota. Any application for the return of any penalty shall be filed on Form 41-Tob-74, "Application for Return of Penalty."

Any application for the return of penalty filed by any producer of tobacco on a farm on which the tobacco available for marketing is in excess of the farm marketing quota shall not be approved unless (1) the marketing of tobacco from the farm has been completed and (2) disposition of all unmarketed excess tobacco has been made under the supervision of the county committee (or its representative) and has been approved by the county committee.

Return of penalty collected upon marketings of tobacco from any farm on which the tobacco available for marketing is in excess of farm marketing quota shall be made only upon the basis of tobacco produced on the farm and, if the county committee has good cause to believe that any of the unmarketed excess tobacco as reported for the farm by the farm operator was not actually produced thereon, the application for such farm shall not be approved with respect to that tobacco which the committee has good cause to believe was not produced on the farm. The county committee shall approve an Application for Return of Penalty only with respect to that number of pounds of unmarketed excess tobacco which the committee determines is representative of the entire amount of tobacco available for marketing from the farm in the 1941-42 marketing year, taking into account the value of the unmarketed excess tobacco (which is disposed of) as appraised by the county committee (or its representative) and the value of tobacco marketed from the farm.

Any application for the return of penalty pursuant to this section shall be filed not later than sixty days before the end of the marketing year next succeeding that in which the penalty is collected.*

RECORDS AND REPORTS

§ 726.342 *Warehouseman's records and reports.*—(a) *Record of marketings.* Each warehouseman shall keep such records as will enable him to furnish to the Secretary of Agriculture a report of the following information with respect to each sale or resale of tobacco made at his warehouse; the name of the seller (and, in the case of a sale for a producer, the name of the operator of the farm on which the tobacco was produced), the name of the purchaser, the date of sale, the number of pounds sold, the sale price, the amount of any penalty and the amount of any deduction on

account of penalty from the price paid the producer (or a dealer). All purchases and resales for the warehouse leaf account shall be so identified in the records and a separate account shall be maintained with respect to the amount of floor sweepings picked up and the disposition of such floor sweepings. The quantity of floor sweepings, including bundles, leaves and scrap, picked up by the warehouse after each sale shall be reported in the space provided on the Auction Warehouse Report (Form 41-Tob-66). Any warehouseman who grades tobacco for farmers shall maintain a separate account showing the approximate amount of grading house scrap obtained from the tobacco graded from each farm. In the case of resales for dealers the name of the dealer making each resale shall be shown on the warehouse record so that the individual lots of tobacco sold by the dealer can be identified.

(b) *Identification of sale on check register.* The serial number of the memorandum of sale issued to identify each marketing of tobacco from the farm or the number of the warehouse bill(s) covering each such marketing shall be recorded on the check register or check stub for the check written with respect to such sale of tobacco.

(c) *Memorandum of sale record and bill of nonwarehouse sale record.* A record in the form of a valid memorandum of sale (or a memorandum of sale cleared without marketing card) shall be obtained by every warehouseman to cover each marketing of tobacco from a farm through the warehouse, and if a warehouseman buys tobacco directly from a farmer (other than at a warehouse auction sale as defined in the regulations in this subpart) such warehouseman shall obtain a valid memorandum of sale to cover each such purchase of tobacco, together with a properly executed Bill of Nonwarehouse Sale (Form 41-Tob-64). Any warehouseman who obtains possession of any grading house scrap in the course of grading tobacco from any farm shall obtain a memorandum of sale to cover the amount of such scrap tobacco from such farm.

(d) *Suspended sale record.* Any warehouse bills for which memoranda of sale have not been issued at the end of the sale day shall be presented to a field assistant who shall stamp such bills as "suspended", write thereon the serial number of the suspended sale, and record the bills on the Register of Suspended Sales (Form 41-Tob-62): *Provided*, That if a field assistant is not available, the warehouseman may stamp such bills suspended and deliver them to a field assistant as soon as one becomes available.

(e) *Warehouse entries on dealers' records.* Each warehouseman shall enter on each Dealer's Record (Form 41-Tob-65) the total of purchases and resales made by such dealer during each sale day at the warehouse. If any tobacco resold by the dealer is tobacco bought by

him from a crop produced prior to 1941 the entry on the Dealer's Record shall clearly show such fact.

(f) *Daily report of warehouse business and report of penalties.* Each warehouseman shall make reports on Form 41-Tob-66, Auction Warehouse Report, and on Form 41-Tob-67, Listing of Penalties, showing the information required on the respective reports. Form 41-Tob-66 shall be prepared for each sale day and all reports for the sale days occurring during any week shall be forwarded to the Marketing Quota Section at or before the end of the next following calendar week. Form 41-Tob-67 shall be prepared for each week and the report for each week shall be forwarded, together with the remittance of the penalty due, as shown thereon, to the Marketing Quota Section not later than the end of the next following calendar week.

(g) *Summary of warehouse accounts.* Each warehouseman shall assist field assistants to prepare summaries of the warehouse account by making available all records kept and reports made by the warehouse as required by the regulations in this subpart.

(h) *Additional records and reports.* In addition to the records and reports provided above, each warehouseman shall keep such additional records and make such additional reports to the Secretary of Agriculture as the Chief of the Marketing Quota Section may find necessary in order to enforce the regulations in this subpart.*

§ 726.343 *Dealer's records and reports.* Each dealer, except as provided in § 726.344 below, shall keep the records and make the reports as provided by this section.

(a) *Report of dealer's name, address and registration number.* Each dealer shall properly execute and the field assistant shall detach and forward to the Marketing Quota Section the page "Receipt for Dealer's Record" contained in Form 41-Tob-65, "Dealer's Record" which is issued to the dealer.

(b) *Record and report of purchases and resales.* Each dealer shall keep a record and make reports on Form 41-Tob-65, "Dealer's Record", showing all purchases and resales of tobacco made by the dealer and, in the event of resale of tobacco bought from a crop produced prior to 1941, the fact that such tobacco was bought by him and carried over from a crop produced prior to 1941.

(c) *Report of penalties.* Each dealer shall make a report on Form 41-Tob-67 showing the information with respect to all purchases subject to penalty made by him during each calendar week. The amount of penalty shown to be due by each such report shall be remitted with the report.

(d) *Memorandum of sale record and bill of nonwarehouse sale record.* For each lot of tobacco purchased from a farmer each dealer shall obtain a record in the form of a valid memorandum of sale issued by a representative of the

Marketing Quota Section or by an authorized representative of a receiving point in the case of tobacco sold and delivered to such receiving point. No memorandum of sale shall be issued except as provided in paragraph (b) of § 726.333 unless: (1) the farm operator or his authorized agent has signed the "Operator's Certificate" on the back of the memorandum and (2) unless a properly executed Bill of Nonwarehouse Sale (Form 41-Tob-64) is presented covering such sale.

(e) *Additional records.* Each dealer shall keep such records, in addition to the foregoing, as may be necessary to enable him to furnish the following information with respect to each lot of tobacco purchased or sold by him: The name of the seller (and in the case of a purchase from a producer, the name of the operator of the farm on which the tobacco was produced), the name of the purchaser, the date of the transaction, the number of pounds and the gross sale price; and in the event of resale of tobacco bought by him and carried over from a crop produced prior to 1941, the fact that such tobacco was so bought and carried over.

All reports shall be forwarded to the Marketing Quota Section not later than the end of the week following the calendar week covered by the reports.

§ 726.344 *Dealers exempt from regular records and reports.* Any dealer who does not purchase or otherwise acquire tobacco except at a warehouse sale and who does not resell, in the form in which tobacco ordinarily is sold by farmers, more than ten percent of the tobacco purchased by him, shall not be subject to the provisions of § 726.343 of the regulations in this subpart; but each such dealer shall make such reports to the Secretary of Agriculture as the Chief of the Marketing Quota Section may find necessary to enforce the regulations in this subpart.

§ 726.345 *Records and reports of redryers, etc.* Every person engaged in the business of redrying, prizing, or stemming tobacco for producers shall keep such records as will enable him to furnish the Secretary of Agriculture a report of the following information with respect to each lot of tobacco received by him: The date of receipt of the tobacco, the number of pounds received, the purpose for which the tobacco was received (and if received from a producer, the name and address of the farm operator, and the code and serial number of the farm on which the tobacco was grown), the amount of advance made by him on the tobacco, and the disposition of the tobacco. Each such person shall make such reports to the Secretary of Agriculture as the Chief of the Marketing Quota Section may find necessary to enforce the regulations in this subpart.*

§ 726.346 *Separate records and reports from persons engaged in more than one business.* Any person who is required to keep any record or make any

report as a warehouseman, dealer, processor, or as a person engaged in the business of redrying, prizing, or stemming tobacco for producers, and who is engaged in more than one such business, shall keep such records as will enable him to make separate reports for each such business in which he is engaged, to the same extent for each such business as if he were engaged in no other business, except that a warehouseman shall not be required to keep a record and make reports on Form 41-Tob-65, "Dealer's Record". If the transactions which would be recorded and reported on such forms are recorded on the records kept by the warehouse in its regular course of business and reported as required on Form 41-Tob-66.*

§ 726.347 *Failure to keep record or make report.* Any warehouseman, processor, or common carrier of tobacco, or person engaged in the business of purchasing tobacco from producers, or person engaged in the business of redrying, prizing or stemming tobacco for producers, who fails to make any report or keep any record as required under the regulations in this subpart, or who makes any false report or record, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subject to a fine of not more than \$500; and any tobacco warehouseman or dealer who fails to remedy such violation by making a complete and accurate report or keeping a complete and accurate record as required under the regulations in this subpart within fifteen days after notice to him of such violation shall be subject to an additional fine of 100 for each ten thousand pounds of tobacco, or fraction thereof, bought or sold by him after the date of such violation; *Provided*, That such fine shall not exceed \$5,000; and notice of such violation shall be served upon the tobacco warehouseman or dealer by mailing the same to him by registered mail or by posting the same at an established place of business operated by him, or both. Notice of any violation by a tobacco warehouseman or dealer shall be given by the Chief of the Marketing Quota Section.*

§ 726.348 *Examination of records and reports.* For the purpose of ascertaining the correctness of any report made or record kept, or of obtaining information required to be furnished in any report, but not so furnished, any warehouseman, dealer, processor, common carrier or person engaged in the business of redrying, prizing or stemming tobacco for producers shall make available for examination, upon written request by the Chief of the Marketing Quota Section, such books, papers, records, accounts, correspondence, contracts, documents and memoranda as he has reason to believe are relevant and are within the control of such person.*

§ 726.349 *Length of time records and reports to be kept.* Records required to be kept and copies of the reports required to be made by any person under the regu-

lations in this subpart for the 1941-42 marketing year shall be kept by him until September 30, 1943, and for such longer period of time as may be requested in writing by the Chief of the Marketing Quota Section.*

§ 726.350 *Information confidential.* All data reported to or acquired by the Secretary of Agriculture pursuant to the provisions of the regulations in this subpart shall be kept confidential by all officers and employees of the Department of Agriculture, and only such data so reported or acquired as the Secretary of Agriculture deems relevant shall be disclosed by them and then only in a suit or administrative hearing under Title III of the Act.*

By virtue of the authority vested in the Secretary of Agriculture by Title III of the Agricultural Adjustment Act of 1938 (Public Law No. 430, 75th Congress, approved February 16, 1938), as amended, he does hereby make, prescribe, publish and give public notice of the foregoing regulations pertaining to fire-cured tobacco marketing quotas for the 1941-42 marketing year to be in force and effect for said marketing year until amended or superseded by regulations hereafter made by the Secretary of Agriculture under said Act.

Done at Washington, D. C., this 21st day of October 1941. Witness my hand and the seal of the Department of Agriculture.

[SEAL] PAUL H. APPELEY,
Under Secretary of Agriculture.

* §§ 726.368 to 726.400, inclusive, issued under the authority contained in 52 Stat. 38; 7 U.S.C. 1301, et seq., as amended.

§ 726.369 *Instructions and forms.* The Administrator of the Agricultural Adjustment Administration shall cause to be prepared and issued such instructions and such forms as may be deemed necessary or expedient for carrying out the regulations in this subpart.*

§ 726.370 *Tobacco subject to marketing quotas.* Any tobacco marketed during the period October 1, 1941, to September 30, 1942, inclusive, and any tobacco produced in the calendar year 1941 and marketed prior to October 1, 1941, shall be subject to the marketing quotas for the 1941-42 marketing year.*

FARM MARKETING QUOTAS*

§ 726.371 *Amount of farm marketing quota.* The marketing quota for a farm shall be the actual production of tobacco on the farm acreage allotment, as established for the farm in accordance with the "Procedure for Determination of Fire-cured and Dark Air-cured Tobacco Acreage Allotments for 1941" (Form 41-Tob-33 and Supplement 1). The actual production of the farm acreage allotment shall be the average yield per acre of the entire acreage of tobacco harvested on the farm in 1941 times the farm acreage allotment. The excess tobacco on any farm shall be that quantity of tobacco which is equal to the average yield per acre of the entire acreage of tobacco harvested on the farm in 1941 times the number of acres harvested in excess of the farm acreage allotment.*

§ 726.372 *Issuance of marketing card.* A marketing card shall be issued for every farm having tobacco available for marketing. The card shall be issued after information required for its preparation (including measurements of the harvested acreage of tobacco and an estimate of the actual production of tobacco) has been furnished to or obtained by the county office. If the farm operator refuses to furnish or prevents the county office from obtaining such information, the card shall show that all of the tobacco available for marketing from the farm is subject to penalty.

(a) *Within quota marketing card (Form 41-Tob-51).* A "Within Quota Marketing Card" authorizing the marketing without penalty of the actual production of tobacco on the farm acreage allotment in 1941 shall be issued for a farm (other than a farm having tobacco carried over from a crop produced prior to 1941) under the following conditions:

(1) If the harvested acreage of tobacco in 1941 is not in excess of the farm acreage allotment (except as provided in paragraph (b) (2) and (3) of

*Instructions for determining marketing quotas, issuing marketing cards, and with respect to the rights of producers in the quota for farms having tobacco which was produced thereon in a calendar year prior to 1941 and carried over to the 1941-42 marketing year will be issued in Supplement 1 to these regulations.

this section) and the operator of the farm does not operate any other farm on which the harvested acreage exceeds the acreage allotment.

(2) If the farm is operated by a publicly owned experiment station and the tobacco is produced for experimental purposes only.

(b) *Excess marketing card (Form 41-Tob-52).* An "Excess Marketing Card" showing the extent to which marketings of tobacco from the farm are subject to penalty shall be issued for a farm under the following conditions:

(1) If the harvested acreage of tobacco in 1941 is in excess of the farm acreage allotment or the operator of the farm also operates any other farm on which the harvested acreage of tobacco in 1941 exceeds the farm acreage allotment.

(2) If the acreage of tobacco planted on the farm in 1941 is in excess of the farm acreage allotment and the operator does not dispose of the acreage in excess of the allotment prior to harvesting such tobacco and within 15 days after receiving notice of such excess acreage from the county office.

(3) If a within quota marketing card could be issued for the farm but the county committee determines that a zero percent excess marketing card is necessary to protect the interest of the government and to insure the proper identification of and accounting for the disposition of tobacco produced on the farm and the proper use of the marketing card issued for the farm.

(4) If there is tobacco available for marketing from the farm but no tobacco acreage allotment was established.

(5) If information required for preparation of the marketing card is not furnished or the county office is prevented from obtaining the necessary information.

(c) *Extent to which marketings from a farm are subject to penalty.* The extent to which marketings of tobacco from any farm are subject to penalty (except as provided in Supplement 1 to the regulations in this subpart) shall be that percentage of the tobacco available for marketing from the farm which the acreage of tobacco harvested in excess of the farm acreage allotment for the farm is of the acreage of tobacco harvested from the farm (or if tobacco is disposed of without marketing after harvesting, that percentage which the amount of tobacco available for marketing from the farm in excess of the farm marketing quota is of the total amount of tobacco available for marketing from the farm). Each marketing card showing a percentage excess of zero also shall show a maximum number of pounds of tobacco which may be marketed thereunder which shall be the quantity of tobacco estimated by the county committee to be available for marketing from the crop produced on the farm. For any excess marketing card which shows a percentage excess

of more than zero the county committee, if it has reason to believe it to be necessary in order to prevent marketing thereunder of tobacco produced on another farm, also shall have shown on the card a maximum number of pounds which may be marketed thereunder, such number of pounds to be determined in the same manner as for a card showing zero percent excess. The maximum number of pounds shown on any excess marketing card shall be increased by the county committee if the committee determines that the quantity of tobacco available for marketing from the crop produced on the farm is greater than the number of pounds previously estimated by the committee to be available for marketing.

(d) *Number of marketing cards and entries and signatures thereon.* One or more marketing cards may be issued for any farm as approved by the county office. All entries on each marketing card shall be made in accordance with instructions for issuing marketing cards. The Receipt and the "Operator's Agreement" on each marketing card shall be signed by the farm operator or on his behalf by his authorized representative and by the person who delivers the card to the operator.*

§ 726.373 *Disposition of excess tobacco.* The amount of excess tobacco available for marketing for any farm shall be determined on the basis of the tobacco available for marketing from the farm at the time the marketing card is issued for the farm. Disposition of excess tobacco, other than by marketing shall be made only by the farm operator (or his representative) but the county committee (or a representative of the committee) shall approve the disposition. The county committee shall cause a record to be made showing the amount of tobacco (in acres or pounds) disposed of and may require the farm operator (or his representative) to sign a statement that such record is accurate before giving approval to the disposition. If all tobacco has been harvested prior to the disposition of the excess tobacco, the amount of excess tobacco available for marketing can be reduced only to the extent that the tobacco so disposed of is representative of the tobacco available for marketing from the farm.*

§ 726.374 *Report on marketing card.* The operator of each farm on which tobacco is produced in 1941 shall return to the county office each marketing card issued for the farm whenever marketings from the farm are completed and in no event later than thirty days after the close of the tobacco auction markets for the area in which the farm is located. Failure to return the marketing card to the county office within the time specified shall constitute failure to give proof of disposition of tobacco marketed from the farm in the event that satisfactory proof of such disposition is not furnished otherwise.*

§ 726.375 *Additional reports by producers and identification of tobacco.* In

addition to any other reports which may be required under the regulations in this subpart, the operator of each farm or any other person having an interest in the tobacco grown on the farm (even though the harvested acreage does not exceed the acreage allotment and even though no allotment was established for the farm) shall, upon written request by the Chief of the Marketing Quota Section, and within ten days after the deposit of such request in the United States mails addressed to such person at his last known address, furnish the Secretary of Agriculture, by sending the same to the Chief of the Marketing Quota Section, a written report on Form 41-Tob-76 showing, as to the farm at the time of filing said report (a) the number of acres of tobacco harvested, (b) the total production of tobacco, (c) the amount of tobacco on hand and its location, and (d) as to each lot of tobacco marketed, the name and address of the warehouseman, dealer, or other person to or through whom such tobacco was marketed, and the number of pounds marketed, the gross price, and the date of marketing.*

§ 726.376 *Rights of producers in marketing card.* Each producer having a share in the tobacco available for marketing from the farm shall be entitled to the use of the marketing card for marketing his proportionate share of the total amount of tobacco available for marketing from the farm.*

§ 726.377 *Successors in interest.* Any person who succeeds in whole or in part to the share of a producer in the tobacco available for marketing from the farm shall, to the extent of such succession, have the same rights as the producer to the use of marketing card for the farm.*

§ 726.378 *Person authorized to issue cards.* The county committee shall designate one person to sign marketing cards for farms in the county as issuing agent. No marketing card shall be signed by the issuing agent until all other entries required to be made thereon have been made, except that the operator's receipt therefor and the Operator's Agreement therein may be signed after the issuing agent has signed the card, but prior to its delivery to the farm operator. Only one person shall be designated as issuing agent but such person may, subject to the approval of the county committee, designate not more than three persons to sign his name in issuing marketing cards: *Provided*, That each such person shall place his initials immediately beneath the name of the issuing agent as written by him on the card.*

§ 726.379 *Invalid cards.* A marketing card shall be invalid under any of the following conditions:

(a) If it is not issued or delivered in the form and manner prescribed;

(b) If entries are not made thereon as required;

(c) If it is lost, destroyed, stolen or becomes illegible;

- (d) If any erasure has been made; or
- (e) If any alteration has been made and not properly initialed.

In the event any marketing card becomes invalid (other than by loss, destruction, theft, omission, alteration, or incorrect entry which can be corrected by a field assistant) the farm operator (or the person having the card in his possession) shall return it to the county office at which it was issued.

If any marketing card is lost, destroyed, stolen, or altered, the person having knowledge of such loss, destruction, theft or alteration shall notify the county office to that effect, and the county office shall immediately notify the field office of the Marketing Quota Section for the belt.

If any marketing card which was reported as lost, destroyed, stolen, or altered is later received by the county office, the county office shall immediately notify the field office of the Marketing Quota Section of the receipt of such card.

At the end of two weeks after receipt of notice of loss, destruction or theft of any marketing card the county office may issue a duplicate marketing card to replace the lost, destroyed, or stolen card in accordance with instructions issued pursuant to the regulations in this subpart.

In the event any marketing card was improperly issued, has been altered, or becomes illegible, upon the return of the card to the county office a new marketing card shall be issued immediately, or as soon thereafter as the necessary information is available.

If any entry is not made on a marketing card as required (either through omission or incorrect entry) and the proper entry is made by a field assistant, then such card shall become valid. If the field assistant is unable to make the proper entry, he shall return the card to the county office where it shall be retained until such entry is made, or a new marketing card is issued, as provided above.*

§ 726.380 *Additional cards and disposition of used cards.* Upon the return to the county office of the marketing card after all the memoranda of sale have been issued therefrom and before the marketing of tobacco from the farm has been completed, a new marketing card of the same kind, bearing the same name, information and identification as the used card shall be issued for the farm. Any marketing card issued to replace another card shall have entered thereon the total sales as shown on the marketing card which is replaced.*

§ 726.381 *Report of probable misuse of marketing card.* Any information which causes any field assistant, a member of any local committee, or an employee of the county office to believe that any tobacco which actually was produced on another farm has been or is being marketed under the marketing card for a particular farm shall be reported

immediately by such person to the field office of the Marketing Quota Section.*

§ 726.382 *No transfers.* There shall be no transfer of marketing quotas.*

MARKETING OF TOBACCO AND PENALTIES

§ 726.383 *Memorandum of sale to identify every marketing.* Each marketing of tobacco from a farm shall be identified by a memorandum of sale issued from the marketing card (Form 41-Tob-51 or 41-Tob-52) for the farm, but if a memorandum of sale cannot be obtained within four weeks after the date of the marketing of any tobacco at a warehouse sale, such marketing of tobacco shall be subject to penalty and the amount of penalty shall be shown on the memorandum of sale cleared without marketing card (Form 41-Tob-68). The memorandum of sale shall be issued only by a field assistant, with the following exceptions:

(a) A warehouseman, or his authorized representative, who has been authorized on Form 41-Tob-75, may issue a within quota memorandum of sale to identify a warehouse sale, if a field assistant is not available at the warehouse when the card is presented by the farmer, but in such case the memorandum of sale shall be presented promptly by the warehouseman to the field assistant for verification with the warehouse records.

(b) A representative of the county office may issue memoranda of sale covering sales of tobacco by the producer in small lots by mail order or directly to various individuals other than dealers.

The authorization to issue within quota memoranda of sale under paragraph (a) above may be withdrawn from any warehouseman or dealer upon written notice by the Chief of the Marketing Quota Section.

Each excess memorandum of sale, after issuance by a field assistant, shall be checked by the warehouseman or dealer (or his representative) to determine whether the amount of penalty shown thereon to be due has been correctly computed, and the warehouseman or dealer shall be responsible for the correctness of such computations.

If the quantity of tobacco previously identified by memoranda of sale issued from any within quota marketing card is in excess of the number of pounds assigned to the card, the person issuing the memorandum shall require the farm operator to sign the "Operator's Certificate" on the back of the memorandum and if he is satisfied that such signature is the same as the signature of the farm operator on the marketing card, he may issue the memorandum. If any person other than the operator presents the marketing card, the memorandum of sale shall not be issued unless the "Authorization for Agent", on the back of such memorandum has been properly executed and signed by the operator, or by the person who presents the marketing card, in the event that such

person signs his name as agent of the farm operator and places his address immediately beneath his signature. Any person authorized to issue a memorandum of sale under either of the above-described circumstances who has reason to believe that the tobacco to be covered by the memorandum was not produced on the farm for which the marketing card containing the memorandum was issued, may or may not issue the memorandum as he considers advisable, but in either event he shall immediately make a written report of the circumstances in the case to the field office of the Marketing Quota Section for the belt in which the tobacco is sold.*

§ 726.384 *Bill of nonwarehouse sale.* Each marketing of tobacco, except a warehouse sale, shall be identified by a Bill of Nonwarehouse Sale (Form 41-Tob-64) completely executed by the buyer and the farm operator, except for the entry of the serial number of the memorandum of sale. The post card copy (Form 41-Tob-64a) shall be mailed by the farm operator not later than the day following the day on which executed. The original of each Bill of Nonwarehouse Sale shall be presented to a field assistant for issuance of a memorandum of sale (or a memorandum of sale cleared without marketing card) and for recording in the Dealer's Record Book in case of a purchase by a dealer other than a warehouseman.

§ 726.385 *Marketings free of penalty.* Any tobacco marketed from a farm which is identified by a valid memorandum of sale from the marketing card issued for the farm shall be free of penalty to the extent shown by the memorandum of sale.*

§ 726.386 *Marketings subject to penalty and collection of penalties—(a) Farm tobacco.* With respect to tobacco marketed from farms having excess tobacco available for marketing, the penalty shall be paid upon that proportion of each lot of tobacco which the tobacco available for marketing in excess of the farm quota (at the time of issuance of the marketing card) is of the total amount of tobacco available for marketing from the farm. The memorandum of sale issued to identify such marketing of tobacco shall show that portion of such marketing which is subject to penalty, and any portion of such marketing of tobacco which is not shown by the memorandum as being subject to penalty shall be free of penalty.

(b) *Dealer's tobacco.* Any marketing of tobacco by a dealer which such dealer represents to be a resale, but all or any part of which, when added to prior resales by such dealer as shown on the Dealer's Record, is in excess of the total amount of purchases as shown on such Dealer's Record shall be a marketing of tobacco subject to penalty unless and until the dealer furnished proof acceptable to the Secretary showing that such tobacco is not subject to penalty. Any

marketing of tobacco by a dealer which such dealer represents to be a resale of tobacco previously purchased by him but which, because of the difference in the price at which such tobacco is resold as compared with the price at which he had purchased the tobacco, cannot reasonably be regarded as tobacco previously purchased by him shall be taken to be a marketing of tobacco subject to penalty.

(c) *Tobacco not identified by a valid memorandum.* Any marketing of tobacco which is not identified by a valid memorandum of sale shall be subject to penalty.

(d) *Liability in case of error on memorandum.* The person liable for the payment of the penalty upon any marketing of tobacco shall not be relieved of such liability because of any error which may occur on the memorandum of sale.*

§ 726.387 *Persons to pay penalty and deduction from purchase price—(a) Warehouse sale.* If the tobacco is marketed by the producer through a warehouseman the penalty shall be paid by the warehouseman, who may deduct an amount equivalent to the penalty from the price paid to the producer.

(b) *Sale other than warehouse sale.* If the tobacco is acquired from the producer in any manner other than through a warehouse sale, the penalty shall be paid by the person who acquired the tobacco, but such person may deduct an amount equivalent to the penalty from the price paid to the producer.

(c) *Agent.* If the tobacco is marketed by the producer through an agent who is not a warehouseman, the penalty shall be paid by the agent, who may deduct an amount equivalent to the penalty from the price paid to the producer.

(d) *Agent in case of false representation.* If any person markets tobacco representing that such tobacco is being marketed from one farm when in fact such tobacco is being marketed from another farm, then such person, as agent, shall pay any penalty due upon such marketing of tobacco.

(e) *Warehouseman and dealer or dealer's tobacco.* Any penalty due upon tobacco subject to penalty under paragraph (b) of § 726.386 shall be paid by the warehouseman, who may deduct an amount equivalent to the penalty from the price paid to the dealer, but the dealer shall not be relieved of responsibility for payment of such penalty.

(f) *Producer marketing outside United States.* If the tobacco is marketed by the producer directly to any person outside the United States, the penalty shall be paid by the producer.

(g) *Producer on behalf of buyer in case of mail order or direct sales in small lots.* If the tobacco is marketed in small lots by the producer by mail order sales or directly to various individuals other than dealers, the penalty may be paid by the producer of such tobacco on behalf of the various buyers. In such case the buyer of such tobacco

shall be relieved of the penalty to the extent that it is paid by the producer.*

§ 726.388 *Amount of penalty.* The penalty shall be five cents per pound upon any marketing of tobacco which is not identified under the regulations in this subpart as being free from penalty.*

§ 726.389 *Penalty for false identification or failure to account for disposition of tobacco.* If any producer falsely identifies or fails to account for disposition of any tobacco, an amount of tobacco equal to the normal yield (determined under the 1941 Agricultural Conservation Program) of the number of acres harvested in 1941 in excess of the farm acreage allotment shall be deemed to have been marketed in excess of the marketing quota for the farm and the penalty in respect thereof shall be paid and remitted by the producer.*

§ 726.390 *Payment of penalty.* Penalties upon the marketing of tobacco shall become due at the time of the marketing, and shall be paid by remitting the amount thereof to the Marketing Quota Section, Agricultural Adjustment Administration, Washington, D. C., not later than the end of the calendar week following the week in which the memorandum of sale was issued, or, in the event a memorandum is not issued, not later than four weeks after the date upon which the tobacco was sold. A draft, money order, or check, payable to the order of the Treasurer of the United States may be used to pay any penalty, but any such draft, or check shall be received subject to payment at par.*

§ 726.391 *Application for return of penalty.* Any producer of tobacco who bore the burden of the payment of any penalty collected may file an application for return of any amount of such penalty which is in excess of that amount equal to five cents per pound upon the number of pounds marketed in excess of the farm marketing quota. Any application for the return of any penalty shall be filed on Form 41-Tob-74, "Application for Return of Penalty".

An application for the return of penalty filed by any producer of tobacco on a farm on which the tobacco available for marketing is in excess of the farm marketing quota shall not be approved unless (1) the marketing of tobacco from the farm has been completed and (2) disposition of all unmarketed excess tobacco has been made under the supervision of the county committee (or its representative) and has been approved by the county committee.

Return of penalty collected upon marketings of tobacco from any farm on which the tobacco available for marketing is in excess of farm marketing quota shall be made only upon the basis of tobacco produced on the farm and, if the county committee has good cause to believe that any of the unmarketed excess tobacco as reported for the farm by the farm operator was not actually produced thereon, the application for such farm

shall not be approved with respect to that tobacco which the committee has good cause to believe was not produced on the farm. The county committee shall approve an Application for Return of Penalty only with respect to that number of pounds of unmarketed excess tobacco which the committee determines is representative of the entire amount of tobacco available for marketing from the farm in 1941-42 marketing year, taking into account the value of the unmarketed excess tobacco (which is disposed of) as appraised by the county committee (or its representative) and the value of tobacco marketed from the farm.

Any application for the return of penalty pursuant to this section shall be filed not later than sixty days before the end of the marketing year next succeeding that in which the penalty is collected.*

RECORDS AND REPORTS

§ 726.392 *Warehouseman's records and reports—(a) Record of marketings.* Each warehouseman shall keep such records as will enable him to furnish to the Secretary of Agriculture a report of the following information with respect to each sale or resale of tobacco made at his warehouse; the name of the seller (and, in the case of a sale for a producer, the name of the operator of the farm on which the tobacco was produced), the name of the purchaser, the date of sale, the number of pounds sold, the sale price, the amount of any penalty and the amount of any deduction on account of penalty from the price paid the producer (or a dealer). All purchases and resales for the warehouse leaf account shall be so identified in the records and a separate account shall be maintained with respect to the amount of floor sweepings picked up and the disposition of such floor sweepings. The quantity of floor sweepings, including bundles, leaves and scrap, picked up by the warehouse after each sale shall be reported in the space provided on the Auction Warehouse Report (Form 41-Tob-66). Any warehouseman who grades tobacco for farmers shall maintain a separate account showing the approximate amount of grading house scrap obtained from the tobacco graded from each farm. In the case of resales for dealers the name of the dealer making each resale shall be shown on the warehouse records so that the individual lots of tobacco sold by the dealer can be identified.

(b) *Identification of sale on check register.* The serial number of the memorandum of sale issued to identify each marketing of tobacco from the farm, or the number of the warehouse bill(s) covering each such marketing shall be recorded on the check register or check stub for the check written with respect to such sale of tobacco.

(c) *Memorandum of sale record and bill of nonwarehouse sale record.* A record in the form of a valid memorandum

of sale (or a memorandum of sale cleared without marketing card) shall be obtained by every warehouseman to cover each marketing of tobacco from a farm through the warehouse, and if a warehouseman buys tobacco directly from a farmer (other than at a warehouse auction sale as defined in the regulations in this subpart) such warehouseman shall obtain a valid memorandum of sale to cover each such purchase of tobacco, together with a properly executed Bill of Nonwarehouse Sale (Form 41-Tob-64). Any warehouseman who obtains possession of any grading house scrap in the course of grading tobacco from any farm shall obtain a memorandum of sale to cover the amount of such scrap tobacco from such farm.

(d) *Suspended sale record.* Any warehouse bills for which memoranda of sale have not been issued at the end of the sale day shall be presented to a field assistant who shall stamp such bills as "suspended," write thereon the serial number of the suspended sale, and record the bills on the Register of Suspended Sales (Forms 41-Tob-62); provided that if a field assistant is not available, the warehouseman may stamp such bills suspended and deliver them to a field assistant as soon as one becomes available.

(e) *Warehouse entries on dealers' records.* Each warehouseman shall enter on each Dealer's Record (Form 41-Tob-65) the total of purchases and resales made by such dealer during each sale day at the warehouse. If any tobacco resold by the dealer is tobacco bought by him from a crop produced prior to 1941 the entry on the Dealer's Record shall clearly show such fact.

(f) *Daily report of warehouse business and report of penalties.* Each warehouseman shall make reports on Form 41-Tob-66, Auction Warehouse Report, and on Form 41-Tob-67, Listing of Penalties, showing the information required on the respective reports. Form 41-Tob-66 shall be prepared for each sale day and all reports for the sale days occurring during any week shall be forwarded to the Marketing Quota Section at or before the end of the next following calendar week. Form 41-Tob-67 shall be prepared for each week and the report for each week shall be forwarded, together with the remittance of the penalty due, as shown thereon, to the Marketing Quota Section not later than the end of the next following calendar week.

(g) *Summary of warehouse accounts.* Each warehouseman shall assist field assistants to prepare summaries of the warehouse account by making available all records kept and reports made by the warehouse as required by the regulations in this subpart.

(h) *Additional records and reports.* In addition to the records and reports provided above, each warehouseman shall keep such additional records and make such additional reports to the Secretary of Agriculture as the Chief of the Mar-

keting Quota Section may find necessary in order to enforce the regulations in this subpart.*

§ 726.393 *Dealer's records and reports.* Each dealer, except as provided in § 726.394, shall keep the records and make the reports as provided by this section.

(a) *Report of dealer's name, address and registration number.* Each dealer shall properly execute and the field assistant shall detach and forward to the Marketing Quota Section the page "Receipt for Dealer's Record" contained in Form 41-Tob-65, "Dealer's Record" which is issued to the dealer.

(b) *Record and report of purchases and resales.* Each dealer shall keep a record and make reports on Form 41-Tob-65, "Dealer's Record", showing all purchases and resales of tobacco made by the dealer and, in the event of resale of tobacco bought from a crop produced prior to 1941, the fact that such tobacco was bought by him and carried over from a crop produced prior to 1941.

(c) *Report of penalties.* Each dealer shall make a report on Form 41-Tob-67 showing the information with respect to all purchases subject to penalty made by him during each calendar week. The amount of penalty shown to be due by each such report shall be remitted with the report.

(d) *Memorandum of sale record and bill of nonwarehouse sale record.* For each lot of tobacco purchased from a farmer each dealer shall obtain a record in the form of a valid memorandum of sale issued by a representative of the Marketing Quota Section. No memorandum of sale shall be issued unless: (1) the farm operator or his authorized agent has signed the "Operator's Certificate" on the back of the memorandum and (2) unless a properly executed Bill of Nonwarehouse Sale (Form 41-Tob-64) is presented covering such sale.

(e) *Additional records.* Each dealer shall keep such records, in addition to the foregoing, as may be necessary to enable him to furnish the following information with respect to each lot of tobacco purchased or sold by him: The name of the seller (and in the case of a purchase from a producer, the name of the operator of the farm on which the tobacco was produced), the name of the purchaser, the date of the transaction, the number of pounds and the gross sale price; and in the event of resale of tobacco bought by him and carried over from a crop produced prior to 1941, the fact that such tobacco was so bought and carried over.

All reports shall be forwarded to the Marketing Quota Section not later than the end of the week following the calendar week covered by the reports.*

§ 726.394 *Dealers exempt from regular records and reports.* Any dealer who does not purchase or otherwise acquire tobacco except at a warehouse sale and who does not resell, in the form in which tobacco ordinarily is sold by farmers,

more than ten percent of the tobacco purchased by him, shall not be subject to the provisions of § 726.393 of the regulations in this subpart; but each such dealer shall make such reports to the Secretary of Agriculture as the Chief of the Marketing Quota Section may find necessary to enforce the regulations in this subpart.*

§ 726.395 *Records and reports of redryers, etc.* Every person engaged in the business of redrying, prizing, or stemming tobacco for producers shall keep such records as will enable him to furnish the Secretary of Agriculture a report of the following information with respect to each lot of tobacco received by him: The date of receipt of the tobacco, the number of pounds received, the purpose for which the tobacco was received (and if received from a producer, the name and address of the farm operator, and the code and serial number of the farm on which the tobacco was grown), the amount of advance made by him on the tobacco, and the disposition of the tobacco. Each such person shall make such reports to the Secretary of Agriculture as the Chief of the Marketing Quota Section may find necessary to enforce the regulations in this subpart.*

§ 726.396 *Separate records and reports from persons engaged in more than one business.* Any person who is required to keep any record or make any report as a warehouseman, dealer, processor, or as a person engaged in the business of redrying, prizing, or stemming tobacco for producers, and who is engaged in more than one such business, shall keep such records as will enable him to make separate reports for each such business in which he is engaged, to the same extent for each such business as if he were engaged in no other business, except that a warehouseman shall not be required to keep a record and make reports on Form 41-Tob-65, "Dealer's Record", if the transactions which would be recorded and reported on such forms are recorded on the records kept by the warehouse in its regular course of business and reported as required on Form 41-Tob-66.*

§ 726.397 *Failure to keep record or make report.* Any warehouseman, processor, or common carrier of tobacco, or person engaged in the business of purchasing tobacco from producers, or person engaged in the business of redrying, prizing or stemming tobacco for producers, who fails to make any report or keep any record as required under the regulations in this subpart, or who makes any false report or record, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subject to a fine of not more than \$500; and any tobacco warehouseman or dealer who fails to remedy such violation by making a complete and accurate report or keeping a complete and accurate record as required under the regulations in this subpart within fifteen days after notice

to him of such violation shall be subject to an additional fine of \$100 for each ten thousand pounds of tobacco, or fraction thereof, bought or sold by him after the date of such violation: *Provided*, That such fine shall not exceed \$5,000; and notice of such violation shall be served upon the tobacco warehouseman or dealer by mailing the same to him by registered mail or by posting the same at an established place of business operated by him, or both. Notice of any violation by a tobacco warehouseman or dealer shall be given by the Chief of the Marketing Quota Section.*

§ 726.398 *Examination of records and reports.* For the purpose of ascertaining the correctness of any report made or record kept, or of obtaining information required to be furnished in any report, but not so furnished, any warehouseman, dealer, processor, common carrier or person engaged in the business of redrying, prizing or stemming tobacco for producers shall make available for examination, upon written request by the Chief of the Marketing Quota Section, such books, papers, records, accounts, correspondence, contracts, documents and memoranda as he has reason to believe are relevant and are within the control of such person.*

§ 726.399 *Length of time records and reports to be kept.* Records required to be kept and copies of the reports required to be made by any person under the regulations in this subpart for the 1941-42 marketing year shall be kept by him until September 20, 1943, and for such longer period of time as may be requested in writing by the Chief of the Marketing Quota Section.*

§ 726.400 *Information confidential.* All data reported to or acquired by the Secretary of Agriculture pursuant to the provisions of the regulations in this subpart shall be kept confidential by all officers and employees of the Department of Agriculture, and only such data so reported or acquired as the Secretary of Agriculture deems relevant shall be disclosed by them and then only in a suit or administrative hearing under Title III of the Act.*

By virtue of the authority vested in the Secretary of Agriculture by Title III of the Agricultural Adjustment Act of 1938 (Public Law No. 430, 75th Congress, approved February 16, 1938), as amended, he does hereby make, prescribe, publish and give public notice of the foregoing regulations pertaining to Burley tobacco marketing quotas for the 1941-42 marketing year to be in force and effect for said marketing year until amended or superseded by regulations hereafter made by the Secretary of Agriculture under said Act.

Done at Washington, D. C., this 21st day of October 1941. Witness my hand and the seal of the Department of Agriculture.

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-454]

PARTS 322, 323, AND 326—MINIMUM PRICE SCHEDULE, DISTRICT NOS. 2, 3, AND 6

MEMORANDUM OPINION AND ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT AND PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER AND GRANTING RELIEF IN THE MATTER OF THE PETITION OF BITUMINOUS COAL PRODUCERS BOARD FOR DISTRICT NO. 3 FOR REVISION OF THE EFFECTIVE MINIMUM PRICES FOR THE COALS OF DISTRICT NO. 3 FOR ALL-RAIL SHIPMENTS TO CERTAIN DESTINATIONS IN MARKET AREAS 11, 12 AND 13

This proceeding was instituted upon a petition filed by District Board 3 with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The petition requested temporary and permanent orders reducing the effective minimum prices of coal shipped all-rail by producers in District 3 into Akron, Canton, Ceico, Cleveland, Lorain, South Lorain, Massillon, and Warren, Ohio, destinations in Market Areas 11, 12, and 13, to the extent of eight cents per net ton. Intervening petitions were filed by District Boards 1, 2, 4, 6, and 7. An appearance was entered by the Consumers' Counsel Division.

By Order of the Director, as subsequently modified, the following temporary relief was granted: "All effective minimum prices set forth in the Schedules of Effective Minimum Prices for Districts 2, 3, 4 and 6, inclusive, for shipment ex-river, via Colona and Conway, Pennsylvania, shall forthwith be increased 7½ cents per net ton except when such shipment is made to Youngstown, Ohio, or Walford, Pennsylvania, or points intermediate between Colona and Conway, Pennsylvania, and Youngstown, Ohio, and Walford, Pennsylvania, via route of movement in accordance with intermediate rule contained in applicable tariffs of the Pennsylvania Railroad and the Pittsburgh and Lake Erie Railroad."

Pursuant to Orders of the Director and

after due notice to all interested parties, a hearing in this matter was held before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof, in Washington, D. C. On September 11, 1941, the Examiner submitted Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations in this matter, recommending the amendment of the price schedules of Districts 2, 3, and 6 for shipment ex-river, via Colona and Conway, Pennsylvania, in accordance with the temporary relief theretofore granted by the Director. An opportunity was afforded all parties to file exceptions to the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations of the Examiner, and supporting briefs. On October 13, 1941, the Office of the Bituminous Coal Consumers' Counsel filed exceptions.

On October 25, 1940, the railroads serving Colona and Conway promulgated new rate schedules effective November 25, 1940, under which the railroads reduced their lifting charge at those points from 13 cents to 5½ cents for coal shipped to Akron, Canton, Ceico, Cleveland, Lorain, South Lorain, Massillon, and Warren. This reduction resulted in a delivered price for coals shipped ex-river to these points 7½ cents lower than the delivered price for all-rail shipments.

The district boards which appeared, herein sought an adjustment of the f. o. b. mine price of ex-river and all-rail coals so that the parity which existed prior to October 1, 1940, and from that date to November 25, 1940, would be restored. District Board 3 sought such restoration by reducing by eight cents per ton the f. o. b. mine prices of coal shipped all-rail to the destinations in question. District Boards 1, 4, 6, and 7 urged that the f. o. b. mine prices for ex-river coals should be raised 7½ cents per ton. District Board 2 indicated no preference for either procedure. The Consumers' Counsel Division urged, as the Office of the Bituminous Coal Consumers' Counsel now urges in its exceptions, that the schedules of effective minimum prices should not be changed but that the producers who have ex-river shipping facilities should be allowed to pass on to consumers the competitive advantage afforded them by the lowered lifting charges.

In its exceptions, the Bituminous Coal Consumers' Counsel contends that the effect of the Examiner's recommendations, if adopted by the Division, would be to counteract and frustrate valid freight rate reductions, whether ordered by the Interstate Commerce Commission or extended by the railroads themselves, to the detriment of consumers. However, under the mandate of the Congress requiring the Division to consider transportation charges in coordinating the minimum prices established pursuant to the Act, any important revision in transportation charges which affects coordination raises the question of whether an appropriate revision of the effective minimum prices must be made.

In this case, the lowered lifting charges put into effect by the railroads, operated to disrupt the coordination of the ex-river and all-rail coals moving to the destinations in question. Prior to October 1, 1940, but about 10 per cent of the coals moving to Market Areas 11, 12, and 13 moved ex-river under circumstances where prices for similar coals moving to the same destinations by rail and ex-river were on a substantial parity. The reduced lifting charges put into effect by the railroads on November 25, 1940, resulted in the cessation of all-rail shipments from District 3 to the destinations in question in Market Areas 11, 12, and 13 until after the issuance of the temporary relief herein restoring the parity between rail and ex-river shipments. Under these circumstances, it is clear that to adopt the contention of the Bituminous Coal Consumers' Counsel, while perhaps resulting in some benefit to some consumers in Market Areas 11, 12, and 13, would be seriously to impair and disrupt the coordination of all-rail and ex-river prices. As found by the Examiner, that coordination was originally accomplished by using a proper delivered price for all-rail coals as a base and coordinating thereafter the prices of ex-river coals so that the same delivered price would be maintained regardless of the method of shipment.

In accordance with the provisions of the Act, the Division, in the regulation of the minimum price level, pays due regard to the interests of the consuming public. This does not mean, however, that in regulating the minimum price structure of bituminous coal, the other standards of the Act can be disregarded. These standards, indeed the maintenance of a sound price structure, require that minimum prices be coordinated in common consuming market areas upon a fair competitive basis, that transportation methods and charges and their effect upon a reasonable opportunity to compete on a fair basis shall be considered, and that the prices shall preserve as nearly as may be existing fair competitive opportunities. Although the Act does not seek to "freeze" market conditions, the requirement that existing fair competitive opportunities be preserved does necessitate a readjustment of the coordination of coals moving by different methods so as to allow the continued movement of such coals on a fair competitive basis. Nor has the Bituminous Coal Consumers' Counsel shown, nor does the record indicate, that consumers will necessarily be injured by the increase in the effective minimum prices recommended by the Examiner.

On the basis of the above opinion and for the reasons stated therein, I conclude that the exceptions are without merit and that the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

The Order granting temporary relief herein was issued on December 26, 1940,

5 F.R. 5293. On December 31, 1940, the Pursglove Coal Mining Company, a code member producer in District 3, loaded one barge of coal for shipment to Market Area 13 via Colona, and on January 2, 1941, shipped the same. The loading and shipping occurred prior to Pursglove's receiving notice of the Order of December 26. Pursglove has filed a verified application for permission to invoice the aforesaid barge load at the minimum price in effect immediately prior to the Order of December 26, 1940. I find that such relief should be granted.

Now, therefore, it is ordered, That the said Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be, and they hereby are, adopted as the Findings of Fact and Conclusions of Law of the undersigned.

It is further ordered, That all effective minimum prices set forth in § 322.9 (Special prices—(e) Ex-river coal), § 323.8 (Special prices—(f) Ex-river coal), and § 326.8 (Special prices—(f) Prices for ex-river shipment from mines having river loading facilities) in the Schedules of Effective Minimum Prices for Districts 2, 3, and 6, for shipment ex-river, via Colona and Conway, Pennsylvania, shall forthwith be increased 7½ cents per net ton, except when such shipment is made to Youngstown, Ohio, or Walford, Pennsylvania, or points intermediate between Colona and Conway, Pennsylvania, and Youngstown, Ohio, and Walford, Pennsylvania, via route of movement in accordance with intermediate rule contained in applicable tariffs of the Pennsylvania Railroad and the Pittsburgh and Lake Erie Railroad.

It is further ordered, That the Pursglove Coal Mining Company be, and it hereby is, permitted to invoice the contents of one barge, loaded by it on December 31, 1940, and shipped by it on January 2, 1941, to Market Area 13 via Colona, Pennsylvania, at the minimum price for such coal which was effective immediately prior to the Order herein dated December 26, 1940.

It is further ordered, That the prayers for relief contained in the several petitions filed herein are granted to the extent set forth above, and in all other respects denied.

Dated: October 21, 1941.

PART 328—MINIMUM PRICE SCHEDULE,
DISTRICT NO. 8

FINDINGS OF FACT, CONCLUSIONS OF LAW,
MEMORANDUM OPINION AND ORDER IN
THE MATTER OF THE PETITION OF BITU-
MINOUS COAL PRODUCERS BOARD FOR DIS-
TRICT NO. 8 FOR REDUCTIONS IN THE
EFFECTIVE MINIMUM PRICES APPLICABLE

No. 207—4

TO THE COALS OF THE KREGER MINING
COMPANY (MINE INDEX NO. 2211) FOR
TRUCK SHIPMENT

This proceeding was instituted upon an original petition filed with the Bituminous Coal Division, pursuant to the provisions of the Bituminous Coal Act of 1937, by District Board 8. The petition requests a revision in the effective minimum prices, for truck shipment, established for the coals produced at Compton Mine (Mine Index No. 2211) operated by the Kreger Mining Company, a code member producer in District 8.¹

Pursuant to an Order of the Director dated August 13, 1941, and after due notice to all interested persons, a hearing was held in this matter on September 10, 1941, before Edward J. Hayes, a duly designated Examiner of the Bituminous Coal Division at a hearing room of the Division in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. Only original petitioner appeared at the hearing. The preparation and filing of a report by the Examiner was waived, and the matter was thereupon submitted to the undersigned, who has considered the record of this proceeding.

The petition of District Board 8 herein requests a revision in the effective minimum prices heretofore established for the coals produced at the Compton Mine (Mine Index No. 2211) for truck shipment. This mine is located in Russell County, Virginia, in District 8. The prices proposed by the District Board are based upon a requested change in seam designation.

A witness for the District Board testified that he had made a personal inves-

¹It appears that the Kreger Mining Company has succeeded the Compton Coal Company as the operator of the Compton Mine.

tigation of the Compton Mine and found that the mine is producing in the Upper Banner Seam, rather than in the Widow Kennedy Seam as presently designated in the schedule. He stated that the prices herein requested are the same as those established for comparable coals produced from the Upper Banner Seam by mines located in close proximity to the Compton Mine. These prices are 10 and 20 cents per ton lower in certain size groups than those presently established for the Compton Mine coals. It was the opinion of the witness that the prices herein requested will reflect the relative market value of the Compton Mine coals and will not have any detrimental effect upon competing coals.

Upon the basis of the uncontroverted evidence, I find and conclude: (1) that the minimum prices and the seam designation shown in the schedule hereto attached for the coals produced at the Compton Mine are proper and should be established; that said prices conform with the prices heretofore established for analogous and similar coals of District 8; (2) that such amendment of the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments is required in order to effectuate the purposes of section 4 II (a) and 4 II (b) of the Act and to comply with the standards thereof.

Now, therefore, it is ordered, That commencing forthwith § 328.34 (General prices for high volatile coals in cents per net ton for shipment into all market areas) in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments be, and it hereby is, amended by adding thereto Supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

**PART 330—MINIMUM PRICE SCHEDULE,
DISTRICT NO. 10**

ORDER AMENDING ORDER GRANTING PERMANENT RELIEF IN THE MATTER OF THE PETITIONS OF CERTAIN PRODUCERS IN WILLIAMSON AND SALINE COUNTIES, DISTRICT 10, FOR A REDUCTION OF MINIMUM PRICES

On September 9, 1941, 6 F.R. 4662, the Director issued his Findings of Fact, Conclusions of Law, and Opinion in the above-entitled proceedings, and issued an Order Granting Permanent Relief therein. That Order, *inter alia*, reduced the prices for certain coals of District 10 for shipment by truck. The Director has been advised that the Order of September 9, 1941, is ambiguous and does not clearly indicate that the reductions ordered are limited to prices of coals for shipment by truck. It appears advisable that this ambiguity should be eliminated.

Now, therefore, it is ordered, That the next to the last paragraph of the Order Granting Permanent Relief entered in this proceeding on September 9, 1941, be and it hereby is amended and revised to read as follows:

It is ordered, That commencing forthwith, the effective minimum prices applicable to all mines in Section 10 of District 10 which are set forth in § 330.25 (*General prices in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District 10 for Truck Shipments shall be and the same are hereby reduced for shipments by truck as follows: Size Group 8 from \$1.80 to \$1.60; Size Group 9 from \$1.75 to \$1.50; Size Groups 10, 11, and 12 from \$1.65 to \$1.50; Size Group 13 from \$1.40 to \$1.30; and Size Group 15 from \$0.75 to \$0.65 per ton f. o. b. the mine; and that the effective minimum prices in all size groups for Mine Index 40 (Augustina Coloni) for truck shipments be and the same are hereby established the same as those for the above-mentioned mines in Section 10 of District 10, as herein revised.

MEMORANDUM OPINION AND ORDER SEVERING
DOCKET NO. A-1050 PART II FROM DOCKET
NO. A-1050, GRANTING TEMPORARY RELIEF
IN DOCKET NO. A-1050 PART II AND NOTICE
OF AND ORDER FOR HEARING IN DOCKET NO.
A-1050 PART II

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, was filed with this Division in Docket No. A-1050, requesting the establishment of price classifications and minimum prices for the coals of certain mines in District No. 1.

As indicated in an Order issued in Docket No. A-1050, a reasonable showing of necessity has been made for the granting of the relief prayed for by petitioner, except with respect to the establishment of additional rail loading points for the coals of Mine Index Nos. 1417, 604, and 721 and the establishment of price classifications and minimum prices for the coals of Mine Index Nos. 1023, 919, 870, 860, 2619 and 2093 for all shipments except truck.

While it appears that a reasonable showing of necessity has been made for the granting of temporary relief in the form of price classifications and minimum prices for the coals of Mine Index Nos. 1023, 919, 870, 860, 2619 and 2093 for all shipments except truck, as prayed for by the petitioner, the Director is of the opinion that the original petitioner has not set forth sufficient facts to warrant the establishment of additional rail loading points for the coals of Mine Index Nos. 1417, 604, and 721, or of permanent price classifications and minimum prices for the coals of Mine Index Nos. 1023, 919, 870, 860, 2619 and 2093, for all shipments except truck without a hearing;

Now, therefore, it is ordered, That the portion of Docket No. A-1050 relating to the establishment of additional rail loading points for the coals of Mine Index Nos. 1417, 604 and 721, and to the establishment of price classifications and minimum prices for the coals of Mine Index Nos. 1023, 919, 870, 860, 2619 and 2093 for all shipments except truck, be, and it hereby is, severed from the remainder of Docket No. A-1050 and designated as Docket No. A-1050 Part II.

It is further ordered, That a hearing in Docket No. A-1050 Part II under the applicable provisions of said Act and the rules of the Division be held on November 12, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Charles O. Fowler or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby

authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before November 7, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and re-

lated thereto, which may be raised by amendment to the petition, petitions of intervenors or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 1 for the establishment of additional rail loading points for the coals of Mine Index Nos. 1417, 604 and 721, and for the establishment of price classifications and minimum prices for the coals of Mine Index Nos. 1023, 919, 870, 860, 2619 and 2093 in District No. 1, for all shipments except truck.

It is further ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forth with, the Schedule of Effective Minimum Prices for District No. 1, For All Shipments Except Truck, is supplemented to include the price classifications and minimum prices set forth in the schedule marked "Temporary Supplement R," annexed hereto and hereby made a part hereof.

Notice is hereby given that all applications to stay, terminate, or modify the temporary relief granted herein may be filed pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 1-1770]

IN THE MATTER OF PROCEEDING UNDER SECTION 19 (a) (2) OF THE SECURITIES EXCHANGE ACT OF 1934 TO DETERMINE WHETHER THE REGISTRATION OF LEHI TINTIC MINING COMPANY COMMON STOCK, \$1 PAR VALUE, ASSESSABLE, SHOULD BE SUSPENDED OR WITHDRAWN

FINDINGS AND ORDER OF THE COMMISSION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 21st day of October, A. D. 1941.

Appearances: John L. Geraghty, for the Registration Division of the Commission.

The Lehi Tintic Mining Company has listed on the Salt Lake Stock Exchange and registered with the Commission its common stock, \$1 par value, assessable. On August 8, 1941, the Commission instituted this proceeding, pursuant to section 19 (a) (2) of the Securities Exchange Act of 1934, to determine whether it is necessary or appropriate for the protection of investors to suspend for a period not exceeding 12 months or to withdraw the registration and listing of registrant's common stock.

The order instituting the proceeding set forth as the issues to be determined by the hearing:

(1) Whether the registrant has failed to comply with section 13 (a) of the Act

and the Commission's rules promulgated thereunder in failing to file its annual report for the fiscal year ended September 30, 1940; and

(2) If so, whether it is necessary or appropriate for the protection of investors to suspend or withdraw the registration of its common stock.

After appropriate notice to the registrant, the Salt Lake Stock Exchange, and the public, a hearing was held before a trial examiner in Denver, Colorado. The trial examiner filed an advisory report in which he found that, in contravention of section 13 (a) of the Act and the Commission's rules thereunder, the registrant failed to file its annual report for the fiscal year ended September 30, 1940.¹ No exceptions to the trial examiner's report have been filed and no objection to the withdrawal of listing and registration has been made either by the Salt Lake Stock Exchange or the registrant.² Upon an independent review of the record we adopt the aforementioned finding of the trial examiner as being in accord with the record.

The registrant is a corporation organized under the laws of the State of Utah. Its business is that of an operating mining company but it has been inactive for several years. Trading in the stock of the registrant has been suspended by the Salt Lake Stock Exchange since March 4, 1940.

We find that the registrant has failed to comply with the statute and the rules thereunder in the respects noted above, and that it is necessary and appropriate for the protection of investors that the listing be withdrawn. Cf. *North European Oil Corporation*, 9 S. E. C. (1941), Securities Exchange Act Release No. 2987.

Accordingly, it is ordered that the listing and registration of the common stock, \$1 par value, assessable, of the Lehi Tintic Mining Company on the Salt Lake Stock Exchange, a national securities exchange, be and it hereby is withdrawn.

By the Commission (Chairman Elcher, Commissioners Healy, Pike, Purcell, and Burke).

[F. R. Doc. 41-7963; Filed, October 22, 1941; 11:23 a. m.]

¹ Under Rule X-13A-1 the registrant is required to file its annual reports not more than 120 days after the close of its fiscal year. No annual report has yet been filed by the registrant for its fiscal year ended September 30, 1940, although such report was due to be filed not later than January 28, 1941. The registrant's counsel advises by letter that the report was not filed because the company felt that it could not pay the expense entailed in making up the report.

² In his letter to the Commission, counsel for the registrant stated that the company did not want to be delisted if such contingency could be avoided. However, he did not suggest any possibility that the company would take steps to file the required annual report at any time in the near future.
